Flow rate and actual water and time savings vary depending on the device class, degree of soiling and location.

### Clever Easy!Motion device concept

- The device design has organised cable and hose inlets and outlets. This ensures freedom of movement and working space and generally makes handling the cables and hoses easier.
- Correctly aligning the devices with hose and cable connections towards the power and water source makes cleaning much more convenient.

### Comfort trigger gun with COMFORT!Hold and Quick Connect

- COMFORT!Hold noticeably reduces the holding pressure. Particularly advantageous for long applications when cleaning large areas.
- Quick Connect connection for easy connection of the high-pressure hose.

### 4-in-1 Multi Jet
