MC 150

Compact, strong, full-suspension: the MC 150 is the convenient choice, being a multifunctional implement carrier suitable for year-round use in the 3.5-t class.

Made in Europe

HVO APPROVED

Order no.	1.442-237.2

- Quick start function
- Year-round use
- All-wheel drive with traction control (differential lock optional)

Technical data		
EAN code		4066529041425
Drive		Diesel
Traction drive		All-wheel drive
Motor manufacturer		Kubota
Motor rating	**kW**	48
Displacement	**cm³**	2434
Cylinder		4
Exhaust emissions standard		STAGE V
Fuel tank	**l**	50
Driving speed	**km/h**	0 – 40
Working speed	**km/h**	0 – 40
Wheelbase	**mm**	1700
Permissible total weight	**kg**	3500
Weight without accessories	**kg**	2050
Dimensions (L × W × H)		3412 × 1220 × 1979

This machine requires instruction.

Equipment
Air conditioning

Compact 3.5 t class

- Fully suitable for pavements thanks to the low permissible total weight of 3.5 t.
- Best-in-class manoeuvrability and 100% directional stability to make work in tight areas easier.
- Large potential user group, as it can be driven from driving licence class B.

Best ride comfort thanks to full-suspension chassis

- Full-suspension, hydraulic chassis with independent wheel suspension for low-fatigue transport journeys.
- Automatic level control for consistent suspension comfort in any load condition.
- 1999 mm vehicle height for hassle-free deployment in multi-storey and underground car parks.

High-performance hydraulic system

- With a tandem gear pump 2 × 40 l/min (80 l/min at the front).
- Additional hydraulic circuit with 23 l/min for operating the pressure washer.
- Four double-acting hydraulic connections at the front and two at the rear for implements.
