2-in-1 remote control
Kärcher FILT!elligence™
Filter cleaning function
Rotary switch (on/off)
Power control
Blower function

Intermediate parking position of the handle on the device head
Hose storage on the device head
Storage space for small parts
Convenient 3-in-1 carrying handle
Cable hook
Parking position
Accessory storage on the device
Drain screw
Sturdy bumper
Castors without brake: 4 Piece(s)
Swivel castors with brake: 1 Piece(s)

[1] Device only, all plastic parts without accessories.

FILT!elligence™ – the intelligent filter control system

- LEDs indicate when the filter bag needs to be changed or the filter needs to be cleaned or replaced. This helps to maintain the suction power of the device.

2-in-1 remote control

- Function 1: enables you to start or stop the wet and dry vacuum cleaner via a Bluetooth connection simply by pressing the remote control on the suction hose itself.

2-in-1 remote control: automatic vibration detection

- Function 2: in automatic mode, the vibration detection feature automatically switches the wet and dry vacuum cleaner on and off as soon as the cordless power tool is switched on or off.
- In automatic mode, the wet and dry vacuum cleaner continues to vacuum for a few seconds after the cordless power tool has been switched off to ensure all remaining dust and dirt is picked up. For dust-free working!
