THE ENVY™ 11-GAUGE STEEL FABRICATED DECK

The 4 1/2 inch-deep steel deck is designed for optimized airflow for our best cut on a residential machine. Caged anti-scalp wheels protect your lawn from damage from minor bumps and scrapes.

ONE-PIECE, FULLY-WELDED TUBULAR CHASSIS

This all-new chassis displays strength and durability. Its closed tube frame rails and fully welded construction techniques were influenced by our commercial mowers.

HEIGHT OF CUT SYSTEM WITH 13 POSITIONS

A foot operated deck lift raises quickly to avoid obstacles or to adjust height. It also has an easy-to-use commercial-style magnetic tapered pin to prevent unwanted rattles.

TALLER AND WIDER SEAT WITH MOLDED ARMRESTS, TALLER SEAT BASE

Ready for the long mow! This seat is 22" tall to provide more back support and is mounted on a taller seat base to make it easier to stand up and sit down. Molded armrests give your arms rest too.

HYDRO-GEAR® ZT-2200® TRANSAXLES

Complete with optimized cooling to ensure maintenance free, smooth operation for many acres of mowing and many years to come.
