## Proposal for Hyd-Mech Machine from Factory

We are pleased to quote for you the following. Please note that these are approximate specifications only. We advise that you personally inspect this machine before purchasing it to verify the following information:

### **1- NEW Hyd-Mech CSNC-80 Carbide Circular Saw**

Model: CSNC-80

#### Specifications:

|                             |  |
|-----------------------------|--|
| Capacity round @ 90° .....  | 0.4" x 3.15"                                 |
| Capacity square @ 90° ..... | 0.4" x 2.36"                                 |
| Blade drive .....           | 15 HP, VFD                                   |
| Blade speed .....           | 50-200 MPM                                   |
| Blade size .....            | 285 mm x 1.7 mm kerf (carbide/cermet tipped) |
| Bar stock length .....      | 10' – 20'                                    |
| Trim cut .....              | 0 or programmable from 0.4' or longer        |
| Cut off length .....        | Min 0.24" up to 39"                          |
| Single stroke .....         | 40"  |
| Remnant length .....        | 3.35" + cut length + cutter thickness        |
| Hydraulic motor .....       | 3 HP   |
| Bar loading magazine .....  | Inclined storage width of 27.9" for rounds   |
| Machine capacity .....      | 6,613 LBS                                    |
| Machine weight .....        | 6,613 LBS                                    |
| Machine dimensions .....    | 85" x 102" x 88"                             |

#### Equipped with:

Mitsubishi PLC controller allows for 200 programs to be saved  
Job monitoring w/cycle time, job duration, parts count and AMP load setting to protect the saw blade.  
Material library w/US steel grades menu w/ability to add custom material grades  
Bar feed and roller table w/a material gripper feed carriage indexing via ball screw and AC servo drive. Shuttle speed: 7.87" per second  
Heavy duty saw head is driven by ball screw and AC servo drive  
Mist exhaust system  
Patent pending blade cooling system  
Bar retracts automatically for contact free return stroke of the saw blade

---

NOTE: The seller does not accept any responsibility as to the safety devices required by OSHA. The seller also accepts no responsibility for providing UL approval on any electrical components and enclosures. The buyer accepts the responsibility to bring the machine up to OSHA and UL standards if required.
