Proposal for Machine #11296

We are pleased to quote for you the following. Please note that these are approximate specifications only. We advise that you personally inspect this machine before purchasing it to verify the following information:

1- NEW Gator 3" x 3" x 3/8" Hydraulic Double Pinch Angle Roller

Model: GAR80
Serial Number: GAR80-037
Mfg: 2026

Specifications:

Capacities:

Angle iron	3" x 3" x 3/16" to a 28" diameter
Square tube	3" x 3" x 3/16" to a 60" diameter
Square shaft	2" x 2" to a 59" diameter
Roll diameter	9.65"
Bend speed	20-30 FPM
Shaft diameter	3.15"
Motor	10 HP
Machine dimensions	47" x 61" x 63"
Machine weight	3,715 LBS

Equipped with:

7" Multi-Functional Touch Screen: Easy navigation for enhanced user experience
Hydraulic guide rolls: Ensures perfect bending without material twisting
Bending Capabilities: Handles rectangular profiles, plates (hardway/easyway), squares, pipes, tubes, angle legs, T-sections, NPU, INP, IPE, HEA, HEB, HEM; also capable of bending circular, elliptical, and oval shapes of various diameters
PLC Control: Offers manual, semi-automatic, and fully automatic operation modes
Dual Speed Feature: Allows for efficient processing
Durable Construction: Made with St-52 quality steel frame and components for long-lasting performance
Precision Rolls and Shafts: Hardened and ground for accuracy
Bearing Guidance System: Ensures smooth operation
Hydraulic Motor with Planetary Gearbox: Three separated rolls driven for optimal performance

NOTE: The seller does not accept any responsibility as to the safety devices required by OSHA. The seller also accepts no responsibility for providing UL approval on any electrical components and enclosures. The buyer accepts the responsibility to bring the machine up to OSHA and UL standards if required.

THE FOLLOWING TERMS AND CONDITIONS ARE A PART OF THIS PROPOSAL, CONDITIONS OF SALE: All quotations are subject to prior sale and subject to change without notice. Shipping dates are approx. only, and are further subject to delays because of labor difficulties, accidents, deliveries of parts and raw materials, acts of God or another cause beyond our control.

Equipped with (cont.):
Two-Axis Mechanical Guide Rolls: Provides additional support
Hydraulic System: Linear movement of bottom roll shafts enhances functionality
Upper Shaft Support: Added stability during operation
Telescopic Front Protection Sheets: For user safety
Brake System: Engine with brake for controlled operation
Multi-Purpose Bending Rolls: One set included for versatility
Serpentine Bending Feature: Allows for complex bending tasks
Vertical and Horizontal Operation: Flexible working options
Adjustable Control Buttons: Easy adjustments for horizontal and vertical positioning
Continuous Roll Rotation: Controlled with a single button
Hidden Encoder: Protects against crushing while recording movement
Overload Protection System: Ensures safe operation
Mobile Control Panel: Three-stage design, separate from the machine for convenience
Online Remote Connection: Enables monitoring and control
Formula Page: Calculates radius and depth for precision
Sound-Light Buzzer Warning System: Alerts for operational issues
Maintenance Time Warning: Keeps track of service intervals
Alarm Page: Displays machine warnings
CE Norms Compliance: Meets safety and quality standards
Transparent Protection Cover: Safeguards the control panel

Price FOB Orange City, IA..... $42,000.00
Training ..... $ 5,000.00

NOTE: The seller does not accept any responsibility as to the safety devices required by OSHA.
