
2023 Adelco DL 180G -3 Dual Gas Fired 72" Double Conveyor w/ 2 Level Ovens

We are selling our **Adelco Pro-Cure conveyor dryer**, lightly used over the past 2 years in a clean, climate-controlled production environment. This unit was primarily used to cure cotton and mixed blend apparel following our DTG printing processes.

This dryer has seen **low to moderate usage**, operating part-time and never at full production capacity. It has been **well-maintained**, powered down daily, and regularly cleaned as part of our standard production protocol.

Key Features:

- **Model:** Adelco 180G-3
- **Age:** 2 years
- **Condition:** Excellent, lightly used
- **Usage:** Curing printed t-shirts (DTG and screen printed)
- **Power:** 3 Phase
- **Heat Source:** Gas
- **Belt Width:** 72" Dual Belt
- **Temperature Range:** Adjustable for different ink types
- **Airflow:** Precision-controlled airflow for consistent curing
- **Throughput:** Ideal for small to medium and even high-volume production runs
- **Maintenance:** Regularly serviced, no mechanical issues

Location & Shipping:

- **Located in:** Phoenix, AZ

This is a great opportunity to acquire a **high-end, reputable drying system** at a fraction of the new cost. Adelco is known for its **durability, precision curing, and energy efficiency**, making this a reliable solution for any apparel printing operation.
