

System 8

power tools

A family of power tools
built for the whole hospital

Stryker's System 8

The tools you trust –
now more reliable than ever

Stryker's System 8 power tools deliver more of the long-lasting reliability you trust. Built for your operating theatre. Built for your sterile processing department. And built to benefit your bottom line. In other words, built for the whole hospital.

So put each power tool through its paces. We did, so that we know when the System 8 set passes from our hands to yours, you can have **Total Confidence**.

Total
Confidence

Cordless driver **SABO Saw** **Stryker Precision Saw** **Sagittal saw** **Reciprocating saw** **Sternum saw** **Rotary drill**

Meet Stryker's System 8 power tools

Cordless Driver
with PowerReam Technology

An award-winning design, made even better

Deliberate, substantive changes give System 8 handpieces improved ergonomics, and give you a better wrist position and firmer grip.

Consistent power and uptime

High-capacity cells deliver improved performance to get you through the toughest cases. Plus, large batteries now last more than 2 times longer over the course of their total lifespan without needing replacement.

A keyless chuck as convenient as it is reliable

Quick and efficient, the System 8 locking keyless chuck has been engineered to prevent loosening, with the addition of a secondary locking mechanism.

Dedicated solutions, all in the System 8 family

System 8 Cordless Driver – An evolution of Stryker's cordless driver, the System 8 cordless driver gives you the confidence you need to drill, cut and ream in sports med and ortho trauma procedures. Plus, our exclusive PowerReam Technology gives you a significant increase in torque (compared to standard reaming attachments), for tackling challenging reaming procedures.

System 8 SABO Sagittal Saw – The next iteration of Stryker's SABO Saw, the lightweight System 8 SABO Sagittal Saw is designed to deliver optimised cutting speed, control and accuracy in every case.

Stryker Precision Saw – The oscillating tip saw that reduces noise and vibration, enhancing handpiece control for a more precise surgical experience compared to a standard Sagittal Saw.

A pin collet built to last

Advanced material and coating helps to prevent stick and slip. Plus, they're now designed for both threaded and fluted pins, as well as straight.

Boosts uptime in the operating theatre

Quality improvements to the System 8 Sagittal Saw greatly increase reliability, minimising product downtime.

An oscillating tip saw that will evolve the way you cut

Our latest evolution of the Stryker Precision Saw features an enhanced design and expanded line of Precision Falcon Cartridges for ankle, shoulder, hip and knee arthroplasty.

More water resistant than ever

System 8 handpieces are built to be actively washed – able to be temporarily submerged when you need to do so during cleaning, prior to sterilisation.

Long-lasting batteries with increased heat resistance

System 8 batteries can live on the shelf for 30 days without compromising performance. Plus, insulation within each battery means increased resistance to thermal damage during extended exposure to high temperatures.

Stryker’s System 8 part numbers

Handpieces

8203-000-000	Single Trigger Rotary Drill
8205-000-000	Dual Trigger Rotary Drill
8206-000-000	Reciprocating Saw
8207-000-000	Sternum Saw
8208-000-000	Sagittal Saw
8209-000-000	Stryker Precision Saw
4505-000-000	Cordless Driver
4508-000-000	SABO Sagittal Saw

Batteries

7110-120-000	Universal battery charger
8212-000-000	System 8 LiIon battery, small
8215-000-000	System 8 LiIon battery, large
7222-110-000	Aseptic LiIon battery, small
7126-110-000	Aseptic LiIon battery, large
7222-120-000	Small aseptic housing
7222-130-000	Small aseptic transfer shield
7126-120-000	Large aseptic housing
7126-130-000	Large aseptic transfer shield

Manual cleaners and detergents

3000- 003- 000	Blu62 Pretreatment Foam 10x32 oz (947mL)
3000- 007- 000	Blu62 Pretreatment Foam refill - 4x1 gallon (3.78L)
3000- 002- 000	Blu62 Instrument Detergent 20x8 oz (237mL)
3000- 004- 000	Blu62 Instrument Detergent 3x100 oz (2.97L)
3000- 005- 000	Blu62 Instrument Detergent 2x2.5 gallon (9.46L)

Automatic cleaners and detergents

3000-009-000	Auto62 Enzymatic Cleaner; Non-foaming high-rinsing enzymatic concentrate 2x2.5 gallon (9.46L)
3000-010-000	Auto62 Neutral Detergent; Low-foaming high-rinsing neutral concentrate 2x2.5 gallon (9.46L)
3000-011-000	Auto62 Instrument Lubricant; Neutral non-silicone instrument lubricant 2/2.5 gallon (9.46L)

Cordless Driver attachments

4505-133-000	1/4" (6.4mm) Locking keyless chuck
4505-134-000	5/32" (4.0mm) Locking keyless chuck
4100-131-000	1/4" Drill chuck with key
4100-132-000	5/32" Drill chuck with key
4405-210-000	PoweReam Large AO
4405-213-000	PoweReam Hudson
4405-231-000	PoweReam 1/4" chuck with key
4405-235-000	PoweReam Hudson modified trinkle
4405-260-000	PoweReam trinkle
4100-126-000	Adjustable pin collet 2.0 - 3.2mm
4100-062-000	Wire collet 0.7 - 1.8mm
4100-125-000	Pin collet 2.0 - 3.2mm
4100-225-000	Pin collet 3.0 - 4.2mm
4100-110-000	Small AO drill
4100-120-000	T-Latch
4100-135-000	Hudson modified trinkle drill
4100-160-000	Trinkle drill
4100-210-000	Large AO reamer
4100-231-000	1/4" Reamer chuck with key
4100-235-000	Hudson modified trinkle reamer
4100-260-000	Trinkle reamer
4100-215-000	DHS/DCS reamer
4100-355-000	Radiolucent right angle drive
4100-400-000	Sagittal saw attachment
4100-410-000	Right angle drive adaptor
4100-600-000	1:1 Bur attachment
4100-700-000	High speed bur attachment
4100-131-132	Universal chuck key

Rotary attachments

8203-026-000	Dual trigger wire collet 0.7 - 2.0mm
8203-036-000	Single trigger wire collet 0.7 - 2.0mm
8203-126-000	Dual trigger pin collet 2.0 - 3.2mm
8203-136-000	Single trigger pin collet 2.0 - 3.2mm
8203-226-000	Dual trigger large collet 3.0 – 4.2mm
8203-236-000	Single trigger large collet 3.0 – 4.2mm
8203-133-000	1/4" (6.4mm) Locking keyless chuck
6203-110-000	Small AO quick connect
6203-113-000	Hudson quick connect
6203-131-000	1/4" Chuck with key
6203-132-000	5/32" Chuck with key
6203-135-000	Hudson modified trinkle quick connect
6203-150-000	Modified trinkle quick connect
6203-160-000	Trinkle quick connect
6203-210-000	Large AO quick connect
6203-215-000	DHS/DCS quick connect
6203-170-000	Triathalon adaptor
7207-003-000	Sternum blade guard
7207-002-000	Sternum blade guard long
6203-134-000	1/8" Keyless chuck

ProCare Services

Our ProCare Services solutions help optimise the reliability and life of your equipment. Our service plans are designed to make it easier for you to get the most out of your investment in equipment from Stryker with options ranging from unlimited priority repairs to preventive maintenance. Please contact your Stryker representative for detailed ProCare Services options.

Cleaners and detergents

Protect your investments with our cleaning and detergent solutions. **Blu62 Instrument Detergent** – a cleaner that protects instruments from the corrosive effects of water and water impurities, as well as corrosion from mixed metal. **Blu62 Pretreatment Foam** – a spray formulated to start the cleaning process immediately post surgery to prevent the drying of residue on soiled instruments. **Auto62 Cleaning Chemistries** – an enzymatic cleaner, neutral detergent and instrument lubricant – exclusively designed for use in the automatic wash cycle to remove tough soils with consistent and effective results.
