## LHD

The LHD is a completely hydraulic machine designed to be more versatile while delivering more capacity than other machines in its class. Available in several different models, the truck mounted units are "Road Legal" and do not require permits to move. Other models include crawler mounted and "Short Mast" configurations. The increased capacity and ability to drill larger diameter holes in even the toughest soil conditions makes this unit extremely popular with our Utility and Foundation contractors. Contact us to arrange a demo or click on the link to compare the LHD to the competition.

### TECHNICAL SPECIFICATIONS

	Standard	Metric
Maximum Pile Depth	22' to 70' feet	21.32m
Maximum Pile Diameter	72 inches	1.82 m
Maximum Torque	30,000 ft./lbs.	40.67 kNm
Maximum RPM (Low)	22 rpm	22 rpm
Maximum RPM (mid)	56 rpm	56 rpm
Spin off speed	140 rpm	140 rpm
Crowd	35,000 lbs.	155 kN
Main Winch	12,000 lbs.	53.33 kN
Service Winch	8,000 lbs.	35.56 kN
Fuel Tank	50 Gallons	189 Liters
Engine-John Deere 4045	173 HP
