

WARNING
Read the instructions carefully before using the product.
Do not use the product if the instructions are not followed.
The product is not to be used for purposes other than those intended.
The product is not to be used in hazardous environments.
The product is not to be used near open flames or heat sources.
The product is not to be used near water or other liquids.
The product is not to be used near children or pets.
The product is not to be used near electrical equipment.
The product is not to be used near flammable materials.
The product is not to be used near explosive materials.
The product is not to be used near radioactive materials.
The product is not to be used near nuclear materials.
The product is not to be used near biological materials.
The product is not to be used near chemical materials.
The product is not to be used near toxic materials.
The product is not to be used near corrosive materials.
The product is not to be used near irritant materials.
The product is not to be used near sensitizing materials.
The product is not to be used near allergenic materials.
The product is not to be used near carcinogenic materials.
The product is not to be used near mutagenic materials.
The product is not to be used near teratogenic materials.
The product is not to be used near reproductive toxic materials.
The product is not to be used near developmental toxic materials.
The product is not to be used near immunotoxic materials.
The product is not to be used near neurotoxic materials.
The product is not to be used near hepatotoxic materials.
The product is not to be used near nephrotoxic materials.
The product is not to be used near cardiotoxic materials.
The product is not to be used near hematotoxic materials.
The product is not to be used near bone marrow toxic materials.
The product is not to be used near reproductive toxic materials.
The product is not to be used near developmental toxic materials.
The product is not to be used near immunotoxic materials.
The product is not to be used near neurotoxic materials.
The product is not to be used near hepatotoxic materials.
The product is not to be used near nephrotoxic materials.
The product is not to be used near cardiotoxic materials.
The product is not to be used near hematotoxic materials.
The product is not to be used near bone marrow toxic materials.
