From the Editor

Monday, March 9th, 2026

We had a few warm days with temperatures in the low 70s. That was a nice change, but it probably won't stick around just yet. Warm temperatures like that can also be a recipe for storms, as we were reminded again this past weekend.

On Friday evening, a tornado touched down about 20 miles north of us in the town of Three Rivers, Michigan. There was at least one casualty and quite a bit of damage, including many downed trees and a storage building that blew away while much of its contents remained in place.

I'm starting to feel like a hobby farmer again. Last Wednesday I took the opportunity to attend the Shipshewana Auction and came home with a billy goat and three little pigs. I also bought a nanny goat from one of our neighbors. That brings the total to four goats, three pigs, and probably about 20 chickens. Farming must still be in my blood because I enjoy having animals around. I used to have quite a few, even milking a cow at one point, but I let most of it go when I was traveling more with Bright Star and doing auctions. Now that I'm spending more time in the office, I have a little more time for a hobby farm again.

All of the businesses listed in the Lumber Buyer-Seller Directory in the print magazine are now also listed on our website. Hopefully those of you who listed will receive some traffic, phone calls, and additional business from being included. The website receives quite a few visitors each week, primarily people in the sawmill industry looking for equipment and lumber.

Bright Star has several exciting auctions coming up where you can consign equipment. The Twin Gables Sawmill Equipment Auction in Oakland, Maryland, would be a good option if you are located in that part of the country. It will take place on April 17, so be sure to get your equipment consigned soon for maximum marketing exposure.

Another opportunity is the InFas Rental and Sales Liquidation Auction in Somerset, Kentucky, on May 8. It looks like a strong lineup of excavators, lifts, and other rental equipment. If you're in that region, it could be a good place to consign your rolling stock. There are also a couple of sawmill liquidations coming up on May 26 that should be exciting events.

In addition, Bright Star announced during the last WoodRing auction that beginning in May the WoodRing auctions will move to a weekly schedule, taking place every Monday morning at 9 a.m. If you have lumber sitting around and are looking for a marketplace to sell it through, this may be a good option to move inventory and increase business.

I will be out of the office Thursday, Friday, and Saturday this week. My wife and I are taking a trip to Chicago for my 40th birthday. We plan to do a little shopping, enjoy some good food, take in the sights, and relax for a couple of days.

Until next time,

Wayne Nisley, Editor

Equipment Market Report

*Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100*

Over the past two weeks, there were no equipment auctions to report on. However, activity continued on the lumber side with the latest WoodRing event providing a look at current market conditions.

The March 3 WoodRing lumber auction reflected a steady market, with several new bidders participating once again. Prices across most products held consistent with recent levels, showing continued stability in the lumber marketplace.

While activity was not overly aggressive, steady participation from both buyers and sellers continues to support the WoodRing platform as it gains traction. We also announced that beginning in May 2026, WoodRing will move to a weekly auction cadence, with auctions taking place every Monday. This change is expected to provide a more consistent marketplace for both buyers and sellers in the months ahead.

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that. Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that. Think of it more as one dad encouraging another over the backyard fence.

The Business Edge

Emotional Intelligence 2.0

Book summary by Nate Nisley

What separates high performers from the rest isn't just IQ, technical skill, or experience — it's emotional intelligence. Emotional Intelligence 2.0 delivers a practical, science-backed roadmap for increasing the skills that matter most in today's fast-paced, people-driven world. Written by Travis Bradberry and Jean Greaves, this bestselling guide turns a complex psychological concept into a clear, actionable system anyone can apply immediately.

Emotional intelligence (EQ) is the ability to recognize, understand, and manage your own emotions while also recognizing and influencing the emotions of others. Research consistently shows that EQ is responsible for the majority of performance outcomes in leadership, teamwork, sales, customer service, and personal relationships. Unlike IQ, which remains relatively stable, EQ is flexible and trainable — and this book shows you exactly how to develop it.

At the heart of Emotional Intelligence 2.0 is a simple but powerful four-skill model that makes emotional intelligence easy to understand and apply. These four core areas — self-awareness, self-management, social awareness, and relationship management — form the foundation for personal and professional success.

Self-awareness is the ability to accurately perceive your emotions in real time and understand how they affect your thoughts and behavior. The book explains that many people operate on "emotional autopilot," reacting without recognizing what they're feeling or why. By strengthening self-awareness, readers learn to identify emotional triggers, recognize patterns, and gain clarity about how their mood influences decisions, communication, and performance. Practical strategies help readers slow down, reflect, and label emotions with precision — the first step toward meaningful change.

Self-management builds on self-awareness and focuses on controlling emotional reactions and channeling them productively. Rather than suppressing feelings, the book teaches readers how to respond intentionally instead of reacting impulsively. Techniques include pausing before responding, reframing negative thoughts, managing stress, and maintaining flexibility during change. Readers learn how to stay composed under pressure, remain focused during setbacks, and make decisions aligned with long-term goals instead of short-term emotions.

Social awareness shifts attention outward. This skill involves accurately reading other people's emotions, understanding social dynamics, and recognizing unspoken cues. The authors explain how empathy is not just a soft skill — it is a performance skill that improves collaboration, leadership, and customer relationships. The book provides tools to sharpen observation, improve listening, and better interpret body language and tone. Readers learn how to tune into group dynamics and respond with awareness and respect.

Relationship management combines the first three skills into effective interaction. It focuses on using emotional insight to communicate clearly, manage conflict, inspire others, and build trust. Readers learn practical methods for giving feedback, handling difficult conversations, strengthening rapport, and influencing outcomes without manipulation. The emphasis is on consistency, authenticity, and mutual respect — the drivers of strong, lasting relationships.

What makes Emotional Intelligence 2.0 especially valuable is its action-oriented design. The book does not stop at theory — it delivers dozens of specific, field-tested strategies readers can begin using immediately. Each skill area includes targeted techniques such as keeping an emotion journal, conducting reality checks, practicing active listening, preparing for emotional triggers, and setting behavioral goals. The guidance is simple, direct, and measurable, making improvement feel achievable rather than abstract.

Another standout feature is the built-in assessment tool included with the book. Readers can measure their current EQ level and identify strengths and gaps across the four skill areas. This personalized baseline turns the book into a customized development plan rather than a one-size-fits-all read. Progress can be tracked over time, reinforcing motivation and accountability.

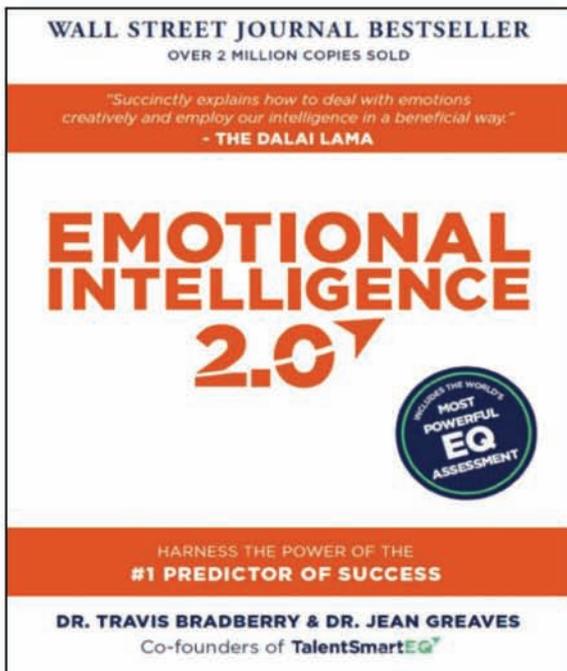

The authors also highlight the measurable business impact of emotional intelligence. High-EQ professionals handle pressure better, adapt faster, communicate more effectively, and earn greater trust. Teams with strong emotional intelligence collaborate more smoothly and resolve conflict more quickly. Leaders with high EQ create cultures of engagement and performance. The message is clear: emotional intelligence is not optional — it is a competitive advantage.

The writing style is clear, practical, and accessible. Complex neuroscience and psychology are translated into everyday language and relatable examples. Real-world scenarios illustrate how emotional intelligence shows up in meetings, negotiations, performance reviews, and daily interactions. Readers see exactly how small behavioral adjustments produce meaningful results.

For organizations, the book serves as a development guide for leadership programs, team training, and culture improvement. For individuals, it acts as a personal growth manual for career advancement and relationship success. Because the strategies are modular and skill-based, readers can focus on one area at a time and build momentum.

In a world where technical knowledge becomes outdated quickly, emotional intelligence remains universally relevant. Emotional Intelligence 2.0 provides a clear, structured path to mastering the human side of performance — awareness, control, empathy, and connection. It equips readers with the tools to manage themselves effectively and work with others more successfully.

The result is greater resilience, stronger relationships, better decisions, and higher achievement. For anyone who wants practical tools to improve how they think, respond, lead, and connect, Emotional Intelligence 2.0 offers a proven, actionable blueprint for lasting growth.

Rigging and Load-Out Terms and Conditions

Installed Equipment.

Rigging is the sole responsibility of the buyer. Bright Star Auctions provides the name of a recommended third-party rigger whom buyers may choose to hire for rigging, load-out, or related services. This rigger is not an employee, agent, or representative of Bright Star Auctions. Buyers who require rigging services must contract directly with the rigger of their choice. Buyers may request a rigging quote from the recommended rigger prior to the auction.

Items requiring rigging include:

- Any installed equipment that cannot be removed without additional work.
- Equipment that must be cut, torched, unassembled, or otherwise modified for removal.
- Any item that is fixed, anchored, or integrated into a structure or system.

Buyers have three rigging options:

1. Hire the recommended rigger.
2. Hire a qualified and insured rigger of their own choosing.
3. Perform their own rigging.
 - If Buyers decide to do their own rigging, they must abide by the Self Rigging Terms and Conditions [See Addendum A]
 - And by signing proper rigging terms agreement. [See Addendum B]

For all other items that do not need rigging, these are the loadout terms that may apply.

Rolling stock may be loaded out without assistance,

- Staff will be available to help start and run equipment during the designated load-out dates.

After this initial period:

- Buyers are fully responsible for all equipment startup and loading.
- Buyers must schedule an appointment for any loadout after the designated dates.

Loading Requirements for Larger Non-Rigging Items:

- Larger items that do not require rigging but do require specialized equipment—such as cranes, wheel loaders, or other heavy lift machinery—may be subject to a loading fee.
- Buyers have two options for loading these items:
 - Hire the recommended rigger, schedule an appointment and pay the quoted loading price.
 - Provide their own appropriate equipment and complete the load-out themselves

Small & Palletized Item Load-Out:

- Small and palletized items qualify for free loadout during the designated free loadout timeframe.
- Staff will be available to assist with loader operated loading when necessary.
- After this timeframe ends:
 - Minimum of \$25 per lot, or other loadout charges will apply.
 - Buyers become fully responsible for arranging their own loading.
- Items that can be loaded by hand must be loaded by the buyer, without staff assistance.

Shipping Services:

- **Shipping is available through US Logistics for all items,** (they are a third-party company. They are not employed by Bright Star Auctions) including:
 - Oversized loads
 - Palletized equipment
- Buyers may contact **US Logistics**
 - Obtain a shipping quote
 - Arrange trucking
 - Coordinate delivery from pickup to destination

Shipping for Small, Non-Palletized Items:

- Shipping may be available for smaller, non-palletized items that can be boxed, depending on the seller or the specific auction.
- A shipping and handling fee will apply to all such boxed shipments.

Please abide by all terms and conditions above to make the process seamless and as effective as possible.

Editor's Note to All Bright Star Auctions Buyers

At Bright Star Auctions, we value every one of our customers, including those who choose to handle their own rigging. This note is specifically for you. Over the past year, our recommended riggers have shared several concerns that have caused delays, safety risks, and confusion on job sites. Our goal with these updates is simple: **to make the process smoother, safer, and more efficient for both you and the riggers working around you.**

Below are a few important changes we are implementing and the reasons behind them.

1. Required Liability Insurance for Anyone Rigging Their Own Items

If you plan to perform your own rigging, you **must provide proof of \$1 million liability insurance**, unless otherwise required, and it must be approved by **Bright Star Auctions** before any rigging activity begins.

This is **not a new policy**—it has **always** been BrightStar's requirement. However, enforcement has been inconsistent in the past. Going forward, we will be strictly enforcing this policy due to recent incidents that highlighted the serious risks involved.

This insurance requirement is in place to protect **you**, the **seller**, the **property owner**, and the **designated rigger**. Rigging accidents can cause significant property damage, including total building loss. In one recent instance, a buyer performed their own rigging without proper oversight and left the premises. When the recommended rigger later re-entered the building, they discovered a fire beginning to spread due to hot ashes left on the floor. Fortunately, the situation was caught in time and disaster was avoided. This incident emphasized the importance of ensuring that any individual performing rigging is properly insured and accountable.

The purpose of the \$1 million liability policy is to ensure:

- Coverage for any fire, structural damage, or other loss
- Protection for all parties involved
- Prevention of others being unfairly held liable for a buyer's mistake

Without approved liability insurance, you will not be permitted to rig your own items.

For buyers who do not carry traditional insurance, **approved church plans** will be accepted. However, we must receive and verify **proof of coverage** before any rigging can begin.

2. Mandatory Sign-In and Sign-Out for All Self-Rigging Buyers

At every auction site, there will be a sign-in/sign-out sheet for anyone performing their own rigging.

This gives us a necessary paper trail in case an unfortunate incident occurs — whether that's damage, fire, or other safety concerns. It also protects our recommended riggers from being wrongly held responsible for messes or accidents they did not cause. This creates a clear responsibility if an accident occurs.

3. Timeliness Matters — Your Schedule Affects Everyone Else

Our removal windows are tight, and riggers often work in specific sequences. When buyers come late, too early, or unpredictably, it can significantly slow down the entire removal process.

Examples:

- If your item is **on the outer edge** of a system or mill and you don't arrive on time, the rigger is forced to work around your piece, delaying his ability to meet deadlines.

- If your item is **in the middle**, arriving too early creates the opposite problem — the rigger may not have cleared the surrounding equipment yet.
- If another buyer is self-rigging in the path of your item, the rigger may be forced to wait on *their* timing as well.

For these reasons, **communication is essential**.

Before you rig, you must coordinate timing with the recommended rigger to avoid delays. If you cannot meet the requested timeline, you may need to hire the recommended rigger or another qualified professional who can operate within those scheduling requirements.

4. Clean Up After Yourself

This is a big issue we must address.

Buyers who rig their own items sometimes leave:

- Tools
- Cut-offs
- Debris
- Scrap pieces
- Oil Spills

The seller expects a clean site, and when buyers leave a mess, the recommended rigger is often unfairly blamed — and left to clean it up without compensation. This is not acceptable.

If you rig your own items, **you are responsible for cleaning up your own materials and mess**.

5. Updated Terms, Requirements, and Forms

We will be adding new rigging terms and requirements to our auction materials. If you wish to rig your own items, you will be required to:

- Review and agree to the updated terms
- Sign and agree to the self-rigging terms
- Provide proof of **liability insurance**

These steps help ensure a smoother experience for everyone — buyers, riggers, sellers, and our team.

In Closing

We truly appreciate all of our customers and want every auction experience to be positive, safe, and efficient. These changes are designed to protect everyone involved and to make the rigging process more predictable and fair for all parties.

Thank you for your cooperation, your understanding, and your continued support of BrightStar Auctions.

These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. "Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.
6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.
7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.
8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. Bidder Terms and Conditions Continued...

- 10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer's sole and absolute discretion.
- 10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer's records will be deemed final and conclusive.
- 10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder's internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.
- 10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.
- 10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.
- 10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.
- 10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.
- 10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.
- 10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer's discretion, reopen the bidding.
- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTY MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.

18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnotified prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.
26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.

Bidder Terms and Conditions Continued...

28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickupsite, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused by Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

- 38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
- 39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
- 40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
- 41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
- 42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
- 43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.

I highly recommend Bright Star. They are all very professional and easy to work with. They were very organized when they came to catalog all my equipment. I really appreciate that they stayed during the load out and the contact they kept with with me until all buyers picked up their items. They are a great group to work with! - Northern Wood Products
