From the Editor

Monday, Feb 23rd, 2026

We had a week of milder weather here in Indiana, although it's back to cold and snowy this weekend. March is almost upon us, and spring is just around the corner. My wife noticed some tulips pushing through the snow in the flower garden — always a welcome sign of what's coming.

On Friday morning, two schoolchildren were killed on their way to school in their pony cart here in our community — a seven-year-old boy, the oldest in his family, and an eight-year-old girl, the youngest in hers. Prayers for the families would be appreciated as they accept the Lord's will. I cannot imagine the pain, and it reminds me to hug my children while there is still opportunity to do so. Today, February 23, is our youngest and only daughter Allison's 9th birthday. Time goes by so swiftly.

Wow — what a show the Air Works Showcase was! The best part was getting to meet many of our customers face to face. Folks traveled to Mt. Hope from all over the country — I heard places like Canada, Montana, Maine, Kentucky, Virginia, Maryland, and everywhere in between. This year the weather was unusually mild for Air Works — sunshine and temperatures in the 50s. I'm sure the outside auctioneers appreciated that, as we all did. We headed home at noon on Saturday and arrived around 4:00. It was good to be home again.

We are launching a new feature on our website where you can list your lumber business and have it noticed by our web visitors. We really should promote the website more, and that will likely be a focus for the second quarter. Currently, we receive between 1,500–2,000 visitors per week, primarily from the sawmill industry. If you're not sure where to start in getting your business seen online, this would be one way to do it on a well-established platform within the industry. We would also list your business in the print publication.

I heard a few reports of the mail that were a bit more positive. Sounded like the 26-04 (the last one) may have arrived on time for a change. Everything since Christmas seemed to be late, and some got 2 magazines on the same day! Hopefully, this has corrected now and you will start receiving them on time again. Maybe the mailman will go everyday again when the snow is all gone.

As always, we appreciate your support.

Until next time,

Wayne Nisley, Editor

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

February activity showed continued strength across several key categories, with buyers remaining active and selective on quality, late-model inventory. From skid loaders and forklifts to forestry and sawmill equipment, the depth of bidding demonstrated steady confidence in the market.

2023 Cat - Sold for \$45,000

2019 Deere - Sold for \$40,000

The February 10, 2026 Iron Ring auction proved to be a strong event from start to finish. We opened the day with 17 skid loaders — and every single one of them sold. Leading the lineup was a Cat 299 track machine that brought \$45,000, followed closely by a John Deere 333G track machine that sold for \$40,000.

The auction also featured a tremendous lineup of 25 quality forklifts, including a fleet of 2018 Toyota units that averaged \$9,400 each. Additional highlights included:

- 2010 John Deere 648H Skidder – \$40,000
- 2019 John Deere 437E Knuckleboom – \$50,000
- 2014 Kleemann Mobiscreen MS19D Screen Plant – \$72,500
- 2015 Colorbiotics Sahara X3 Mulch Color Machine – \$40,000
- 2008 Steco AW045100 Walking Floor Trailer – \$23,000
- 2022 DYNA SC-16 Firewood Processor – \$48,000
- 2022 Timber Buddy XP380 Bandmill – \$62,500
- 2023 Wood-Mizer LT50 Wide Super Hydraulic Portable Bandmill – \$52,500
- 2022 Wood-Mizer WM4500 Industrial Sawmill – \$75,000
- 2024 DYNA V12-31 Vortex Brush Chipper – \$36,000

2022 Timber Buddy - Sold! \$62,500

2019 John Deere - Sold! \$50,000

2010 John Deere - Sold! \$40,000

2022 Wood-Mizer - Sold! \$75,000

2023 Wood-Mizer - Sold! \$52,500

From forestry and sawmill equipment to processing and material handling, this event demonstrated continued demand for well-maintained inventory.

Lumber markets also showed consistent participation in mid-February, with both new and returning buyers staying engaged. The February 17, 2026 WoodRing event reflected a steady market with strong participation.

A new addition to this event was Red Pine stringers from Michigan — similar in grade and use to Southern yellow pine. Several buyers showed strong interest, and the stringers sold for \$0.77 each, equating to approximately \$530 per thousand board feet.

With several new vendors now signed up, you can expect to see continued growth in participation along with fresh product offerings in upcoming auctions. Watch for treated fence boards, posts, and additional lumber products in the weeks ahead.

Sold! We'll see you at the next auction!

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that.

Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that.

Think of it more as one dad encouraging another over the backyard fence.

Calling for Help

Here are some things to expect when you dial 911...

What is your emergency? Be ready to give an accurate description of the emergency. They will probably ask if anybody is injured.

Then they will ask for a location. They will ask what township or county. If you don't know, just say so. Hopefully you can at least give them an address or a nearby landmark.

At this point, they will probably put you on hold to dispatch the call. Do not hang up. They will then get back to you to gather more information.

If possible, send someone out to the road to flag down the first responders. Sometimes they will place you on hold several times as they process the information and coordinate with the first responders. Never hang up unless instructed to do so. Stay with the phone or keep it near you in case they try to call you back for some reason.

If possible, clear the area of obstacles, vehicles, etc. Depending on the type of emergency, there may be a significant amount of emergency equipment coming to the scene.

Try to speak clearly into the phone so the dispatcher can get accurate information to send help to the right place in a timely manner.

Hopefully, this is a call you will never have to make, or at least not too many times. But don't hesitate to call if necessary. Most responders would rather turn around than deal with a delayed, uncontrolled situation.

Employers should consider placing signs with the address of the workplace. Crews working at job sites should all have the address of where they are on their work orders. If the job site does not have a specific address, provide the dispatcher with the nearest intersection, then give directions, such as: "Go west for a mile to..."

Be safe.

GODLY GENEROSITY IN THE WAY OF JESUS

Healthy Relationships. Personal Growth. Generosity. These are the values that define Symbiz, and in this article, we're diving into what it means to live and lead with a generous spirit.

By Levi Fisher, Symbiz Operations Manager

Generosity is more than an act of giving—it is a reflection of the very heart of God. From Genesis to Revelation, Scripture reveals that God is abundantly generous, and nowhere is this seen more clearly than in the life of Jesus Christ. As followers of Christ, and as a community of business leaders, we are called not merely to admire His generosity but to live it out in tangible ways. Generosity is not confined to finances; it flows through willingness to serve, compassion toward others, and a lifestyle that mirrors Christ's sacrificial love.

The Example of Jesus

Jesus is the ultimate model of generosity. Paul writes, *“For you know the grace of our Lord Jesus Christ, that though He was rich, yet for your sake He became poor, so that you by His poverty might become rich”* (2 Corinthians 8:9). Jesus gave up the riches of heaven to walk among us, serve us, and ultimately lay down His life for us. His generosity was not limited to material gifts. Jesus gave His time to the outcast, His compassion to the broken, His healing to the sick, and His teaching to those hungry for truth.

As business leaders, we must see generosity not as an occasional practice but as a way of life, because it was Jesus' way of life.

Generosity Through Willingness to Serve

When we think of generosity, financial giving often comes to mind first. Yet the generosity of service is equally powerful. Jesus demonstrated this on the night before His crucifixion when He washed the feet of His disciples (John 13:1–17). In doing so, the King of Kings took the posture of a servant, teaching us that true greatness is found in humble service. This act reminds us that generosity is not about what we give from abundance, but what we give of ourselves.

Generosity through service can take many forms: mentoring a fellow business leader, listening patiently to someone's struggles, or using our professional expertise to help another flourish. A Christlike willingness to serve sets the tone for relationships that are not transactional, but transformational.

Generosity Through Caring for and About Others

Jesus' ministry overflowed with compassion. He noticed people others ignored. He touched the leper, healed the blind, and welcomed the sinner. Matthew 9:36 tells us, *“When He saw the crowds, He had compassion for them, because they were harassed and helpless, like sheep without a shepherd.”* This type of compassionate generosity calls us to slow down, to see people as image-bearers of God, and to treat them with dignity. It means prioritizing people over profit, cultivating relationships beyond transactions, and showing care that is genuine rather than strategic. In doing so, we embody the compassion of Christ.

Generosity in Action

The Early Church modeled this generosity powerfully. Acts 2:44–45 tells us, *“All who believed were together and had all things in common. And they were selling their possessions and belongings and distributing the proceeds to all, as any had need.”* This was not forced sharing but joyful, voluntary generosity springing from love and unity in Christ.

Today, we are called to practice generosity in ways that fit our context. For some, it will be financial support. For others, it will be investing time and attention into mentoring the next generation of leaders. For all of us, it should include cultivating a generous spirit in everyday interactions. At Symbiz, we create spaces where leaders not only sharpen one another's skills but also share life together, supporting, serving, and caring as Jesus did.

Why Generosity Matters

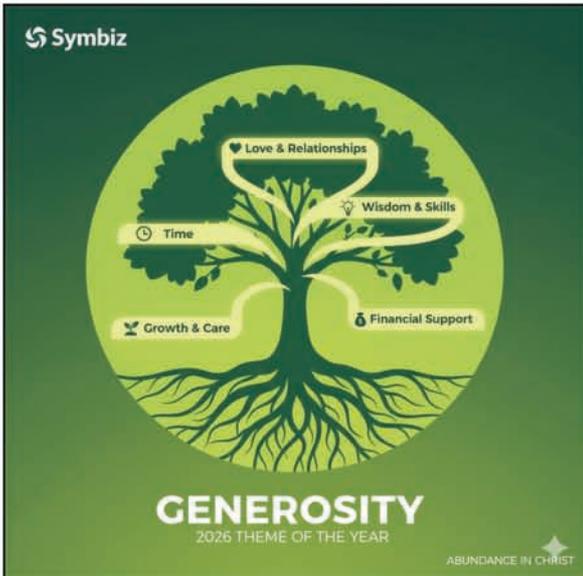

Generosity reflects the Gospel itself. John 3:16 begins with, "For God so loved the world that He gave..." Love gives, it cannot help but do so. When we live generously, we reveal God's character to the world around us. Moreover, generosity frees us from the grip of self-interest.

Jesus said, "It is more blessed to give than to receive" (Acts 20:35). This blessing is not measured in material return but in joy, freedom, and deeper fellowship with God and others. We are tempted to think we'll be happy when we accumulate enough. But the biblical story consistently emphasizes the life we truly desire comes when we give, not when we consume or hoard.

For Christian leaders, generosity is not a strategy but a calling. It is a daily choice to pattern our lives after Jesus—the One who gave everything for us. At Symbiz, this means holding one another accountable to generosity in service, compassion, and sacrificial leadership.

Are you ready to grow personally? Would you like the accountability and networking of an Anabaptist peer group? We believe the "answer is in the room!" Contact Symbiz for more information or to see if there is an informational meeting happening near you.

LOGGING Life

The Challenges of Mud

By Ethan Royer

For loggers in the North and as far south as the Midwest, March and April is traditionally referred to as "spring breakup." It's the time of year when the frost comes out of the ground. It frosts, it rains a lot, and it's still too cold for the ground to dry out very fast. Last winter ('23-'24) we had only about two weeks of frozen ground, so there was no true spring breakup, just "mud season." Plenty of rain in the Spring is normal and expected but it's a bit depressing when it rains five days in a row.

For loggers, April showers bring more than just May flowers; they bring downtime and possibly even cabin fever. Someone has said, "More rain, more rest for the loggers in the Midwest." In my opinion mud is the single biggest factor limiting logging production in this area. Little boys like dirt and water, especially if they are combined—the same cannot be said of loggers. I do not want to complain about wet weather because God does all things well. I suspect that if I were in control of the weather, we would have frequent prolonged droughts, I would get burned out, and my farmer friends would cease being my friends.

Sporadic Schedule

I have a love-hate relationship with a weather-dependent schedule, but it is an unavoidable reality of the trade. It is nice not to be gone all day every day, but it also means the schedule is as unpredictable as the weather. We are generally either rained out, battling wet ground, or pushing to finish up a job before the next rain event. This is exacerbated by the fact that many of our timbered areas are wet to begin with, making for something of a boom or bust schedule. We may be off for several days straight, then push extra hard when we can get back at it.

Having grown up with it, the unpredictable schedule is normal to me, but it isn't ideal. We have to be flexible: go when we can go and stay when we should stay. Sometimes a rain shower or a ground condition report completely rearranges the day before it starts. Working away from home, especially if you enjoy your work and have trouble shutting down at quitting time, can be hard on our families.

Maybe weather dependency is a good thing to hedge against too much time at work. I know my wife appreciates rain days! You might think that with having off work on rainy days I would stay caught up with projects around the house, but you would be mistaken.

This on-again-off-again schedule is a negative that turns many people away from the industry. Most industrious men like steady work and do not like to work five days one week and zero days the next. It is challenging to find a profitable side hustle that you can work at when you want to but can shelve for extended periods as needed. I am an outdoorsman—almost everything I enjoy or am productive at is outdoors. While I do attempt basic maintenance, I am not mechanically inclined, and most of my mechanic work is an exercise in frustration, if not futility. So you may wonder, what do we do to stay occupied on wet days?

Proverbs 14:23 says, "In all labor there is profit..." but it doesn't specify that it's financial profit.

I keep a to-do list that gets longer during busy times, so I whittle away on that. There is typically no shortage of things to do. Sometimes the problem is deciding which task to prioritize. It's harder to get excited about tasks that aren't financially rewarding, but they're necessary too. I believe it is crucial to profitability to use downtime to do things that help us be productive and efficient when we can work again. Simple things like making sure our chain saws are sharp and fueled do add up to make a difference.

Quality Work = Not Working?

As mentioned earlier, the sporadic schedule is challenging and frustrating, so common sense indicates we should try to go work if there is any way we possibly can, right? Wrong. Trying to work when it is too muddy is the most common cause of unsatisfactory work in this area. In my experience, a crew can do an excellent job of cutting timber, minimizing collateral damage to the young trees, and avoid skinning trees along the skid trail, but if they leave ruts, no one notices anything else. On the other hand, I've observed that a crew can do a mediocre job of logging, but if they leave nicely smoothed trails and log yards, the owner is happy. I realize that our region may be somewhat unique in this because:

- We have silty clay soils.
- It's flat, so water sits instead of running off.
- Everything is privately owned: we have almost no industrial timberlands or commercial forests.
- Many landowners want to access their woods for purposes other than logging and can't if the trails are impassible.

Few crews around here have dozers, meaning we can only make ruts that we can repair with a skidder blade. We can try to justify our ruts by explaining that ruts are beneficial to regeneration (I've seen evidence of that), but that is a tough sell when there is no denying that ruts are ugly, hard to navigate, and may be indicative of careless work. There is no easy way to decide that it's too wet or that it's dry enough to log. You can usually tell by walking a woods whether it is dry enough, but there are times when it holds up better than expected and times that it is worse than it appeared.

Deciding when a job is dry enough can be a source of contention between loggers and the timber buyer or mill. Understandably, the mill wants to keep logs flowing in consistently, so they are more likely to pressure us to work when conditions are marginal. It seems that some timber buyers are more optimistic than realistic—I've often wished optimism would dry mud! As a contract logging crew, we are responsible for how a completed job looks, and it damages our reputation to leave a rutted mess. Perhaps a key component of a reputation for quality work is working less.

Managing Mud

Aside from impatiently waiting for the ground to dry, what are some things we can do to minimize our effect on wet ground and gain more working days? Some things are obvious, such as keeping an eye on the weather forecast and preparing skid trails before a rain event by making water diversions and blading it smooth to reduce ponding. It's no fun to return to the job after a gully-washer rainstorm and find that it was indeed a gully-washer that turned the skid trail into a small ravine. A skilled and attentive skidder operator makes a huge difference. Seemingly small things, such as not continuously running in the same tracks and occasionally dropping the blade to improve the trail or landing, combine to make a noticeable difference at job end. The skidder blade is there for more than a counterweight.

Equipment choice also makes a difference on how wet the ground can be worked without making a mess. Equipment salesmen are eager to persuade us that if we would just purchase this new piece of equipment, then we could work more and tear up less, but the prices they quote make us tear up (pun intended). Machine weight, tire size, track width, number of axles, bogie tracks, and the like all make some difference; the trouble is that the difference is hard to quantify.

Ground pressure is a big factor, but not the only important metric. For example, a big skidder has higher ground pressure than a small one, but the bigger skidder requires less passes on a trail to complete the same amount of work. We currently run a Tigercat 602 dual arch grapple skidder with 30.5" tires. This is about the lightest dual arch grapple skidder available and floats fairly well with larger tires.

We have contemplated trying a forwarder for added flotation and fewer trips, but the price, transport size, complexity, and maintenance appear prohibitive. One local recently purchased a six-wheel bogie skidder for improved flotation. I like the idea, but the main flotation advantage comes only by installing tracks on the bogie axles. This wouldn't allow driving it down the road, which we prefer to do when jobs are close together. While equipment choices can and do make some difference, I have concluded that for the most part, it is either dry enough or not dry enough. Things like wider tires help but aren't a game-changer.

Even a job that is dry overall often has a few wet spots that cause grief. As one logger said, "Every skid trail has a wet spot in it." There are several things we can do to get across these problem spots. Crane mats are convenient and work well but must be hauled in and out, adding expense. It seems that no matter how many mats you have, you always need just a few more. We have laid down cants when we lacked an adequate number of mats.

If we need to cross a narrow, wet area, we can lay down logs to make a corduroy road, but covering much distance with this method requires a lot of logs and makes for a very rough ride. If there is a small wet area, it can work to lay down some trees or brush in line with the trail. This works but is not necessarily an easy fix or long-term solution. Bigger stems tend to spread apart, and smaller brush breaks down over time. It works better to lay down a brush mat before the mud gets deep rather than trying to patch up the trail after it's ruined.

River Bottom Challenges

There are certain jobs where it's impossible to achieve an aesthetically pleasing outcome. I'm referring to those swampy river bottom jobs that are never dry enough. Around here, those jobs are typically larger tracts that are full of low-grade timber (think wormy Soft Maple) and are barely fit to work in the best of droughts. Since we often cut for a pallet mill, we seem to get into a fair share of these challenging jobs. It is never desirable to leave deep ruts, but I consider these jobs successful if we manage to get the timber extracted without burying a machine. I know of several jobs where some of the purchased timber never was harvested despite our best efforts. I don't feel too guilty about leaving ruts in a floodplain since the floodwaters smooth them out, and if it's such low ground that we can't avoid ruts, then no one else will be able to use the trails anyway.

It seems there is currently a lot of hype around "living close to the soil." Loggers, however, prefer to remain a safe distance above the soil. I've seldom been as depressed as I was the day I sank the feller buncher in a swamp next to the Kankakee River. The Kankakee is a man-made river that drains the former Kankakee Marsh and has high banks that contain the river. In many places, the water is pumped up into the river.

I was about a hundred yards from the riverbank when I got stuck. Warning: if you are looking up at a river, you had better watch out! I knew it was wet, but I was not as concerned as I should've been because there were Hackberry growing there. Hackberry generally grows in sand or gravel instead of wet areas, but in this case, it was growing in a soil type called Marl—and it was definitely wet. In fact, it was so wet the skidder couldn't get close enough to reach me with the cable.

Things went South-literally-when I ventured too far into this wetland.

Laying brush in the skid trail helps prevent rutting when the ground is soft.

I was at a loss. I've been stuck before but never where the skidder couldn't help. We asked the farmer for suggestions. He had none but offered the use of his 5/8" chains (Who but a Kankakee farmer has 5/8" chains?). Dragging heavy chains through nettles in a swamp in 85-degree weather didn't lift my drooping spirits. We ended up hooking one end of the chains to a tree and the other end to a track pad.

By simultaneously spinning the tracks and pushing with the boom, we did get out, and I was able to place brush under me as I tracked to higher ground. The marked Hackberry trees are still there, but thankfully the Komatsu is not. If there hadn't been a stump holding up the front of the tracks, I don't know what would've happened, but it would have been serious.

Knowing when to stop is a problem. If you don't occasionally test the limits, you'll end up leaving harvestable timber, but after you've gone too far, you'll wish you'd left the trees to rot! Recently, an area logger nearly buried his buncher in a river bottom. According to photos, had it been much deeper, the operator wouldn't have been able to open the cab door. The mud was up in the engine compartment, so the machine was inoperable and could not assist with extraction. Three 100-ton wreckers were finally able to extract it. I'm guessing it took quite a few trees to pay that bill. Unfortunately, we don't get paid for creating the "wildlife watering holes" that result from these bad experiences.

Dealing with soft ground is a challenge that won't be going away. Be flexible, work hard when the sun shines, and be thankful for the time off when it rains.

On this swamp trail we ran out of crane mats so we laid down cants until we reached high ground.

Creek crossings are increasingly subject to governmental scrutiny. A portable bridge makes for a mud-free and efficient crossing.

Tuck 'em In Good

Hey Dad,

Hope you're enjoying the warmer weather. The melting snows reveal all the junk and toys scattered across my yard. Snow shovels are lying in the grass from building igloos out back, piles of leaves are everywhere that were covered by an early snowfall, and snowman parts that were used, forgotten, or abandoned serve as a reminder of where they stood.

It feels like a mixture of gloom and hope...soggy, slushy messes with the hope of Spring, sunshine, and warmth. But what happened last night warmed my heart and encouraged me to up my bedtime-game.

We were all up late and were headed to bed at the same time (rare these days). I was turning off lights and locking things up when Cal (19) said, "You coming up to say good night?"

"Yeah, I'll be right up," to which he responded, "It's been a while since you've come into our room to say good night."

Now the truth is, I say good night to my kids almost every night (unless they are out playing volleyball late). We hug, say I love you, and pray in the family room or kitchen...but he was right, it had been a while since I had gone to their room to say good night. And there was something about the way he said it that felt sad...and that he still wanted his dad to "tuck him in."

So...I'm going to try harder to make it to their rooms at night. We'll hug, pray, and say I love you...and maybe it'll mean more in their room.

So Dad, I know you're busy and times change...but never underestimate the power of "bedtime." If you have young kids, make sure you're part of bedtime every night...if they're older...maybe get back into the habit of stopping in just to hug, pray, and tell them you love them.

You 'da dad!

Rigging and Load-Out Terms and Conditions

Installed Equipment.

Rigging is the sole responsibility of the buyer. Bright Star Auctions provides the name of a recommended third-party rigger whom buyers may choose to hire for rigging, load-out, or related services. This rigger is not an employee, agent, or representative of Bright Star Auctions. Buyers who require rigging services must contract directly with the rigger of their choice. Buyers may request a rigging quote from the recommended rigger prior to the auction.

Items requiring rigging include:

- Any installed equipment that cannot be removed without additional work.
- Equipment that must be cut, torched, unassembled, or otherwise modified for removal.
- Any item that is fixed, anchored, or integrated into a structure or system.

Buyers have three rigging options:

1. Hire the recommended rigger:
2. Hire a qualified and insured rigger of their own choosing.
3. Perform their own rigging.
 - If Buyers decide to do their own rigging, they must abide by the Self Rigging Terms and Conditions [See Addendum A]
 - And by signing proper rigging terms agreement. [See Addendum B]

For all other items that do not need rigging, these are the loadout terms that may apply. Rolling stock may be loaded out without assistance,

- Staff will be available to help start and run equipment during the designated load-out dates.

After this initial period:

- Buyers are fully responsible for all equipment startup and loading.
- Buyers must schedule an appointment for any loadout after the designated dates.

Loading Requirements for Larger Non-Rigging Items:

- Larger items that do not require rigging but do require specialized equipment—such as cranes, wheel loaders, or other heavy lift machinery—may be subject to a loading fee.
- Buyers have two options for loading these items:
 - Hire the recommended rigger, schedule an appointment and pay the quoted loading price.
 - Provide their own appropriate equipment and complete the load-out themselves

Small & Palletized Item Load-Out:

- Small and palletized items qualify for free loadout during the designated free loadout timeframe.
- Staff will be available to assist with loader operated loading when necessary.
- After this timeframe ends:
 - Minimum of \$25 per lot, or other loadout charges will apply.
 - Buyers become fully responsible for arranging their own loading.
- Items that can be loaded by hand must be loaded by the buyer, without staff assistance.

Shipping Services:

- **Shipping is available through US Logistics for all items**, (they are a third-party company. They are not employed by Bright Star Auctions) including:
 - Oversized loads
 - Palletized equipment
- Buyers may contact **US Logistics**
 - Obtain a shipping quote
 - Arrange trucking
 - Coordinate delivery from pickup to destination

Shipping for Small, Non-Palletized Items:

- Shipping may be available for smaller, non-palletized items that can be boxed, depending on the seller or the specific auction.
- A shipping and handling fee will apply to all such boxed shipments.

Please abide by all terms and conditions above to make the process seamless and as effective as possible.

Rigging Terms & Conditions Acknowledgment and Agreement

I acknowledge that I have received, read, and understand the printed version of the Rigging Terms and Conditions provided by Bright Star Auctions. By signing below, I agree to fully comply with all requirements stated therein, including but not limited to the following:

- I agree to clean up all debris, materials, and waste generated during my rigging activities.
- I agree to use my own equipment for all rigging activities or compensate the recommended rigger for any use of their equipment.
- I agree to ensure that all potential fire hazards are properly addressed and eliminated upon completion of my rigging work.
- I agree to perform all rigging activities within the time frame established by Bright Star Auctions.
- If I am unable to complete my rigging within the required timeline, I agree to pay the recommended rigger to complete the work on my behalf.

The undersigned hereby certifies that all information provided is accurate and that all rigging activities will comply with Bright Star Auctions' requirements and safety standards.

Editor's Note to All Bright Star Auctions Buyers

At Bright Star Auctions, we value every one of our customers, including those who choose to handle their own rigging. This note is specifically for you. Over the past year, our recommended riggers have shared several concerns that have caused delays, safety risks, and confusion on job sites. Our goal with these updates is simple: **to make the process smoother, safer, and more efficient for both you and the riggers working around you.**

Below are a few important changes we are implementing and the reasons behind them.

1. Required Liability Insurance for Anyone Rigging Their Own Items

If you plan to perform your own rigging, you **must provide proof of \$1 million liability insurance**, unless otherwise required, and it must be approved by **Bright Star Auctions** before any rigging activity begins.

This is **not a new policy**—it has **always** been BrightStar's requirement. However, enforcement has been inconsistent in the past. Going forward, we will be strictly enforcing this policy due to recent incidents that highlighted the serious risks involved.

This insurance requirement is in place to protect **you**, the **seller**, the **property owner**, and the **designated rigger**. Rigging accidents can cause significant property damage, including total building loss. In one recent instance, a buyer performed their own rigging without proper oversight and left the premises. When the recommended rigger later re-entered the building, they discovered a fire beginning to spread due to hot ashes left on the floor. Fortunately, the situation was caught in time and disaster was avoided. This incident emphasized the importance of ensuring that any individual performing rigging is properly insured and accountable.

The purpose of the \$1 million liability policy is to ensure:

- Coverage for any fire, structural damage, or other loss
- Protection for all parties involved
- Prevention of others being unfairly held liable for a buyer's mistake

Without approved liability insurance, you will not be permitted to rig your own items.

For buyers who do not carry traditional insurance, **approved church plans** will be accepted. However, we must receive and verify **proof of coverage** before any rigging can begin.

2. Mandatory Sign-In and Sign-Out for All Self-Rigging Buyers

At every auction site, there will be a sign-in/sign-out sheet for anyone performing their own rigging.

This gives us a necessary paper trail in case an unfortunate incident occurs — whether that's damage, fire, or other safety concerns. It also protects our recommended riggers from being wrongly held responsible for messes or accidents they did not cause. This creates a clear responsibility if an accident occurs.

3. Timeliness Matters — Your Schedule Affects Everyone Else

Our removal windows are tight, and riggers often work in specific sequences. When buyers come late, too early, or unpredictably, it can significantly slow down the entire removal process.

Examples:

- If your item is **on the outer edge** of a system or mill and you don't arrive on time, the rigger is forced to work around your piece, delaying his ability to meet deadlines.

- If your item is **in the middle**, arriving too early creates the opposite problem — the rigger may not have cleared the surrounding equipment yet.
- If another buyer is self-rigging in the path of your item, the rigger may be forced to wait on *their* timing as well.

For these reasons, **communication is essential**.

Before you rig, you must coordinate timing with the recommended rigger to avoid delays. If you cannot meet the requested timeline, you may need to hire the recommended rigger or another qualified professional who can operate within those scheduling requirements.

4. Clean Up After Yourself

This is a big issue we must address.

Buyers who rig their own items sometimes leave:

- Tools
- Cut-offs
- Debris
- Scrap pieces
- Oil Spills

The seller expects a clean site, and when buyers leave a mess, the recommended rigger is often unfairly blamed — and left to clean it up without compensation. This is not acceptable.

If you rig your own items, **you are responsible for cleaning up your own materials and mess.**

5. Updated Terms, Requirements, and Forms

We will be adding new rigging terms and requirements to our auction materials. If you wish to rig your own items, you will be required to:

- Review and agree to the updated terms
- Sign and agree to the self-rigging terms
- Provide proof of **liability insurance**

These steps help ensure a smoother experience for everyone — buyers, riggers, sellers, and our team.

In Closing

We truly appreciate all of our customers and want every auction experience to be positive, safe, and efficient. These changes are designed to protect everyone involved and to make the rigging process more predictable and fair for all parties.

Thank you for your cooperation, your understanding, and your continued support of BrightStar Auctions.

This auction provides an excellent opportunity to purchase high-quality pallet stringers in bulk. Each sale will feature up to 10 semi loads of premium cut stock lumber, supplied by a trusted source and ideal for pallet manufacturers and regional distributors. While specific inventory will vary from sale to sale, buyers can expect notched #1-grade stringers with a 99% usability rate - perfect for restocking at competitive prices. Auctions are held twice monthly, and all items sell absolute with no reserves. For an updated catalog and full details, please call our office at (574) 825-0704, closer to the auction date.

We are also actively seeking additional consignments to meet growing buyer demand. If you have cut stock lumber or related materials to sell, we'd love to talk. Our team can help you reach a national audience and turn your inventory into cash - quickly and effectively.

BRIGHT STAR
AUCTIONS

AC32100007 (574) 825-0704

Selling my cut stock lumber through Bright Star's Premium Cut Auction has been a turning point for my business. The process is straightforward and reliable—I know exactly when my lumber will sell, and I always get paid within a week. Bright Star's marketing puts my products in front of serious buyers nationwide, and I've consistently seen strong prices and quick sales. Since partnering with Bright Star, I've reached new customers, moved more inventory, and grown my business. If you want a hassle-free way to sell your lumber and expand your reach, I highly recommend their auction. - John Gusler, Fairview Woodyard, Fairview MI

Rigging Information: Recommended Rigger: Daniel Stoltzfus: 717-406-9611 Installed Equipment. Rigging is the sole responsibility of the buyer. Bright Star Auctions provides the name of a recommended third-party rigger whom buyers may choose to hire for rigging, load-out, or related services. This rigger is not an employee, agent, or representative of Bright Star Auctions. Buyers who require rigging services must contract directly with the rigger of their choice. Buyers may request a rigging quote from the recommended rigger prior to the auction. BrightStar Auctions highly recommends hiring the recommended rigger. Items requiring rigging include: Any installed equipment that cannot be removed without additional work. Equipment that must be cut, torched, unassembled, or otherwise modified for removal. Any item that is fixed, anchored, or integrated into a structure or system. Buyers have three rigging options: 1. Hire the recommended rigger. 2. Hire a qualified and insured rigger of their own choosing. 3. Perform their own rigging. · If Buyers decide to do their own rigging, they must abide by the Self Rigging Terms and Conditions (See Addendum A) · And by signing proper rigging terms agreement. (See Addendum B) These will be displayed in the documents section. If you click on there, there should be an addendum A and addendum B. For all other items that do not need rigging, these are the loadout terms that may apply. Rolling stock may be loaded out without assistance. · Staff will be available to help start and run equipment during the designated load-out dates. After this initial period: Buyers are fully responsible for all equipment startup and loading. Buyers must schedule an appointment for any loadout after the designated dates. Loading Requirements for Larger Non-Rigging Items: Larger items that do not require rigging but do require specialized equipment—such as cranes, wheel loaders, or other heavy lift machinery—may be subject to a loading fee. Buyers have two options for loading these items: Hire the recommended rigger, schedule an appointment and pay the quoted loading price. Provide their own appropriate equipment and complete the load-out themselves Small & Palletized Item Load-Out: Small and palletized items qualify for free loadout during the designated free loadout timeframe. Staff will be available to assist with loader operated loading when necessary. After this timeframe ends: Minimum of \$25 per lot, or other loadout charges will apply. Buyers become fully responsible for arranging their own loading. Items that can be loaded by hand must be loaded by the buyer, without staff assistance. Shipping Services: Shipping is available through US Logistics for all items, (they are a third-party company. They are not employed by Bright Star Auctions) including: Oversized loads Palletized equipment Buyers may contact US Logistics Obtain a shipping quote Arrange trucking Coordinate delivery from pickup to destination Shipping for Small, Non-Palletized Items: Shipping may be available for smaller, non-palletized items that can be boxed, depending on the seller or the specific auction. A shipping and handling fee will apply to all such boxed shipments. Please abide by all terms and conditions above to make the process seamless and as effective as possible.

Payment Information: Payment terms: 10% Onsite and 13% Online Buyer's Premium in affect for all purchases. Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. Credit cards are only accepted on invoices with a total of less than \$2500. All payments are due immediately upon receipt of your invoice. Onsite buyers, payment is due the day of the auction. Onsite payments will only be accepted at the auction location on auction day up to one hour post auction. After that, payment must be made to the corporate office by calling 574-825-0704. If onsite bidders wish to send a wire and still be assessed only the onsite buyer's premium, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction.

These Bidder Terms and Conditions ("**Terms**") apply to auctions conducted by BRIGHT STAR REALTY AND AUCTIONS, LLC and constitute a legal, valid, binding, and enforceable contract between Auctioneer and the Bidder. These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

- Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. By participating in the Auction, whether at the auction site, online, telephonically, or through any other means (including Absentee Bid), Bidder agrees to be bound by, and to abide by, these Terms.

Auctioneer's Licensing and Bonding. Auctioneer is licensed and bonded where required.

- Definitions.** The following definitions apply to these Bidder Terms for each auction conducted by Auctioneer:

"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"No Sale" occurs if Property is put up at the Auction but is not Knocked Down or sold, and Auctioneer passes on such Property or declares a No Sale.

"Online Auction Platform" means the hardware and software utilized to conduct the Auction online and to facilitate online bidding, including any associated, adjunct, and/or complementary websites, services, premiums and promotions.

"Online Auction Platform Provider" means the provider of the Online Auction Platform and related services to conduct Auction online.

"Online Bidding Period" means, with respect to an Auction conducted in whole or in part online, any established period during which bids may be tendered.

"Participant" means any person who attends, or otherwise participates in, the Auction (in person or remotely). The term Participant includes, but is not limited to, Registered Bidders, Bidder, and Buyers.

"Personal Property" means all tangible and moveable property, including fixtures, designated as Property.

"Pick-up" means the act of picking up or removing sold Lots by respective Winning Bidders at the date(s), time(s), and location indicated for such during the Auction or as later agreed to by Seller and Buyer.

"Private Sale" means an event in which Property is sold by Seller, or on Seller's behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

"Private Sale Price" means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

"Property" means the Real Property and the Personal Property.

"Purchase Price" means an amount equal to the Hammer Price or High Bid Subject to Confirmation, as the case may be, plus the Buyer's Premium.

"Registered Bidder" means a person or entity that has registered to bid at the Auction.

Bidder Terms and Conditions Continued...

- “Registration Deposit” means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.
- “Reserve” or “With Reserve” means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. **UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.**
- “Reserve Price” means the minimum price that Seller is willing to accept for specific Property.
- “Seller’s Confirmation” means Seller’s confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.
- “Subject to Seller’s Confirmation” means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller’s Confirmation, that after the High Bid Subject to Seller’s Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller’s sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.
- “Winning Bid” means the highest bid received and accepted (and if Subject to Seller’s Confirmation, confirmed by Seller).
- “Winning Bidder” means the Bidder who is recognized by Auctioneer as having made the Winning Bid.
- “Withdraw” refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.
3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.
4. **Governing Law.**
- 1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.
5. **Buyer’s Premium.** All Property offered at the Auction is subject to a Buyer’s Premium, which will be paid by the Buyer to Auctioneer for Auctioneer’s own account. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.
6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.
7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.
8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.
9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.
10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:
- 10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.
- 10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.
- 10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.
- 10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer’s sole and absolute discretion.
- 10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer’s records will be deemed final and conclusive.
- 10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder’s internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.
- 10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.
- 10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.
- 10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.
- 10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.
- 10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.
- 10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer’s discretion, reopen the bidding.

Bidder Terms and Conditions Continued...

- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY, ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTEE MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.
17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.

Bidder Terms and Conditions Continued...

26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.
28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.

Phone Bidding instructions for Bright Star Auctions

If you can't make the auction, Bright Star is happy to accommodate you over the phone. By following the instructions below, you will be able to listen to the auctioneer and announcer and enjoy the crystal clear audio on the Bright Star Auction line.

Registration:

- Call the office at (574) 825-0704 ext 5 to register and get a bidder number. Preferably do this before auction day. Share your fax or email to receive the updated catalog the day before the auction.

Joining the Auction:

- **Ring 1: Call (419) 677-0715 and enter ID#: 904 359 662#.**
 - Ring 2 (if applicable): Call (832) 680 -1799 and enter ID#: 464 897 846#.
- You'll be placed in the auction audience upon calling.

Bidding Process:

- To bid, press *6 to unmute, state your bidder number and "yes" (e.g., "bidder 2532, yes").
- The ringman communicates your bid to the auctioneer.
- Press *6 to mute yourself when you are done bidding.
- Be sure to speak your bidder number first, loudly, and clearly.

Post-Auction Payment:

- Call (574) 825-0704 ext 4 within two hours after the auction to arrange payment.
- Credit cards are only accepted on invoices with a total of less than \$2500. Cash payments are only accepted on invoices with a total of less than \$10,000.
- Payments are due immediately post-auction.
- If you don't have fax or email, you'll be notified of your total by phone.
- Mail checks to: Bright Star Auctions, 11751 CR 12, Middlebury, IN 46540.

Additional Tips:

- Please do not try to bid on speaker phone.
- Hundreds of photos in the online catalog.

Your team is different, you guys have kept the good character traits, and it's been a pleasure and good experience working with you guys. I've been in the industry for a while and I do think you guys are the future of American lumber industry. I don't normally brag on anybody, but this time is different. - Jimmy Lee, Owner, Oak Valley Hardwoods
