You Can Learn a Lot From a Ten-Year-Old

Hey Dad,

I hope you've been enjoying this heat. There's just something about summer heat that bakes summer memories into the core of our being. But right now... my brain is hot and not very creative. So let me share a dad-tip that I got from my son, Abe, many years ago when he was just a boy of about 10 years old.

Let me set the story. I was minding my own business on my way to the bathroom to take care of... um, er... business. As I walked through the bathroom door, I was greeted by an explosion of little ½-inch-wide sticky notes in a rainbow of colors stuck all around the bathroom wall.

Each note had just three little words on it: "I love you." And all were lovingly written and placed there by my son, Abe. It was like an avalanche of love notes. As I sat... on the throne, surrounded by my son's love, I thought, "Who doesn't love to be lavished with love notes?"

Afterward, I found Abe and returned the love. For a couple of weeks, every time I walked into the bathroom, I was greeted by the notes until, one by one, they drifted to the floor.

So here's an Abe-tip for you, Dad: Pick up one of those little variety packs of 1/2" x 2" sticky notes (I think they must be page highlighters... and you can get them at Dollar General), write "I love you" on each one, and then stick the daylights out of your wife's dresser, son's desk, family bathroom mirror... or the space surrounding the toilet.

I'm telling you, THEY will feel as loved by their dad/husband as I felt loved by my son Abe.

You 'da dad!

A handwritten signature in black ink that reads 'Todd'.

Todd Wilson

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

2016 Cleereman Lumber Pro - Sold for \$160,000

2016 Simonds - Sold for \$72,500

Hello to the equipment world! We hope everyone is having a great summer.

The July Iron Ring Auction was a very successful event, with more than 90% of the lots sold. Buyer participation remained strong throughout the auction, with quality equipment continuing to command excellent prices. Highlights included a 2010 CAT 522 track feller buncher selling for \$45,000, a 2024 DYNA Vortex V12-31 brush chipper with diesel power bringing \$41,000, and a 2016 John Deere 644K wheel loader selling for \$40,000.

A 2007 John Deere 540G3 cable skidder brought \$34,500, while a 2016 Kubota KX057-4 mini excavator sold for \$31,000. Another mini excavator sold for \$30,000. A 2014 Barko 495ML knuckleboom brought \$29,500, and a 2018 Talbert lowboy trailer sold for \$27,000. The auction also featured two 1998 dozers. A John Deere 650G sold for \$30,000, while a CAT D5M XL brought \$25,000. Skid steers, forklifts, DYNA firewood processors, skidders, and additional dozers also sold well throughout the event.

Also included in the July Iron Ring was the Dunaway Timber Grade Sawmill Operation in Roundhill, Kentucky. This auction served as another reminder that well-maintained, quality name-brand equipment remains in strong demand for sellers considering a liquidation. Leading the auction was a Cleereman 54-inch Lumber Pro that sold for \$160,000.

The 2016 four-bay chip and sawdust truck loading station built by Pierce Equipment brought \$80,000, while a 2016 Simonds AutoBand leveller sold for \$72,500. A log trough brought \$55,000, the MDI metal detector sold for \$37,500, a Precision chip pack brought \$27,500, and a Precision vibrating conveyor sold for \$22,000.

2007 John Deere - Sold! \$34,500

2010 Cat - Sold! \$45,000

2016 John Deere - Sold! \$40,000

Overall, the Dunaway Timber auction was another successful liquidation with results that left the sellers very pleased. We believe the buyers also came away with outstanding purchases, making it a successful event for everyone involved.

As we look ahead, we continue to see a strong lineup of quality equipment entering the market. Stay tuned, as the third and fourth quarters are shaping up to be very active, with an exciting pipeline of equipment scheduled for upcoming auctions.

SUPREME

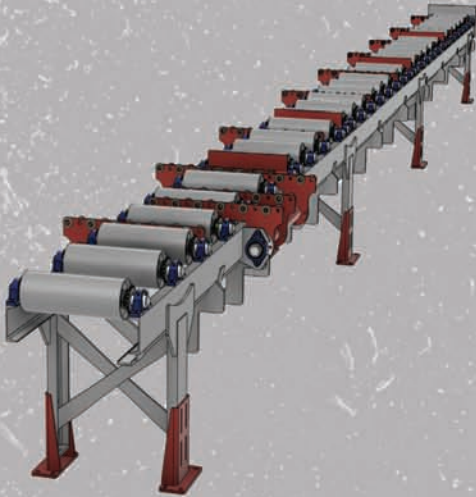

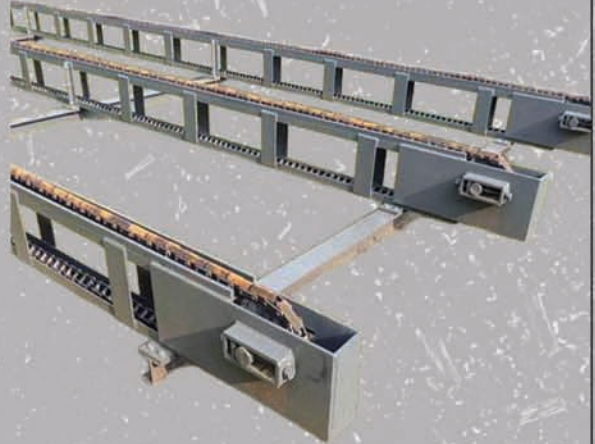

MFG

GREEN CHAIN

Built around a rugged C55 chain platform as standard, with full flexibility to accommodate virtually any chain configuration required. Driven through a heavy-duty reduction gearbox and compatible with the drive system of your choice, this setup is engineered for reliable industrial performance in demanding applications.

DRIVE OPTIONS INCLUDE:

- 2-6 Strand - Any length & width
- Endless Chain options

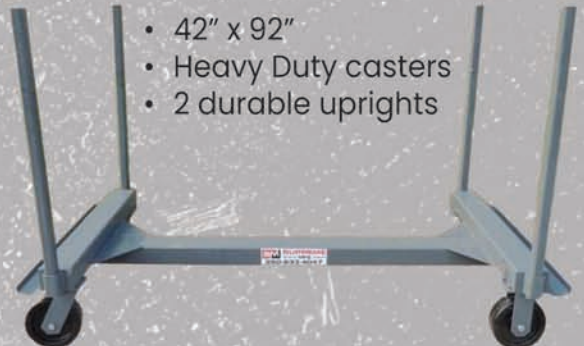

ROLLCASE

Designed for high-capacity material handling, the Rollcase comes standard with rugged 6" diameter rolls, with custom roll diameters available to meet your operation's exact requirements.

Fully customizable in both length and width, each system can be configured with hydraulic, electric, or line shaft drive options for dependable, industrial-grade performance in demanding environments.

LUMBER CART

Built for rugged material handling, the Lumber Cart features a durable 42" x 92" platform designed to move heavy loads with ease. Complete with heavy-duty casters and two uprights as standard, this cart delivers reliable performance, smooth mobility, and long-lasting durability for industrial lumber operations.

- 42" x 92"
- Heavy Duty casters
- 2 durable uprights

ENGINEERED SOLUTIONS

FROM INDIVIDUAL EQUIPMENT TO COMPLETE TURN-KEY OPERATIONS!

With the purchase of Frontline equipment, we now have more options for different styles of transfer equipment, including log deck, vibrating conveyor, barn sweep, and More!

LOG DECK

The frontline log deck is a heavy-duty material handling system designed to receive, stage, and feed logs efficiently into the production line. Engineered for strength and reliability, it helps maintain a steady flow of timber while improving operational efficiency and reducing downtime.

FEATURES:

WR 82 Chain, AR400 Wear Strip, Anson UHMW Bearings, 2-15/16" Head Shaft w/Tulsa Drive, 6x8x3/8 Double Stack Tubing Strands

VIBRATING CONVEYOR

Designed to efficiently move slabs, edgings, chips, and debris through the production process using controlled vibration. Built for durability and continuous operation, it helps maintain smooth material flow, reduces buildup, and improves overall production efficiency.

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that. Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that. Think of it more as one dad encouraging another over the backyard fence.

ENVIRO MAX
ALL-TERRAIN LOG FORWARDER

Introducing the all new
MODEL 800

Super low ground pressure will make it possible for you to operate in conditions that were impossible or marginal at best.

The 3psi empty and 5psi loaded gives new meaning to low impact logging.

Land owners, Foresters and operators realize very quickly the value this machine brings. Your ability to successfully operate on marginal ground and work in any weather will make anyone a believer in the value it brings to your operation.

Conscientious Forestry

By Ethan Royer

Forestry is inexact, but it is still science. We may misinterpret the scientific evidence, and scientific wisdom might change slightly over the years as new threats appear, but there are principles that are unchanging. Precisely describing good forestry is well beyond both my ability and the scope of these articles. However, a landowner that has at least some degree of forestry knowledge is less likely to be taken advantage of by unscrupulous timber buyers. A landowner that tells an unknown timber buyer, "I don't know anything about forestry, take whatever trees you want" is a sitting duck.

I am passionate about good forestry because I've seen the long-term results of both well-managed and mismanaged timber stands. Mismanaging the resources God has entrusted to us may come from ignorance, but it is still poor stewardship. I'm also passionate about good forestry because a well-managed stand yields a better return on investment, reducing the likelihood of it being converted to farmland or other uses. I do appreciate inexpensive food, and I acknowledge that there are certain tracts of woods that have little timber potential in the foreseeable future and may as well be cleared, but I can't say that I like to see timbered land disappearing.

The term "timber buyer" has a negative connotation. I would like to see that changed. Too often, timber buyers don't do what is best for the owner. A timber buyer may be honest and pay top prices, but if he takes the wrong trees or hires a careless logging crew, it is still a bad deal in the long term. To be fair, all of us (timber buyers, foresters, loggers) have probably done jobs that we are embarrassed to have our name associated with. This can be the result of misunderstandings, inexperience, site conditions, or a landowner's disregard for good forestry, but that is not necessarily an indication of carelessness or greed. At risk of sounding idealistic, imagine a world where a landowner could call any timber buyer and could rely on him to treat the woodland as if it were his own.

Good forestry is an effort to manage woodland in a way that improves forest health and timber profitability. Many landowners have goals beyond timber profitability, such as wildlife habitat, carbon credits, or sap production. This may be fine to some degree, but I can't make myself categorize radical deer habitat management, carbon credit concerns, or sap management as good forestry. I will be focusing primarily on the timber production aspect of forestry although the benefits from good forestry certainly do bleed over into other areas.

Carbon Crisis?

I have little knowledge of the long-term ramifications of the recent carbon credit programs, but I hear that it may be limiting forestry operations on some enrolled tracts. Without getting political, I think the carbon panic is misguided on several counts.

1 - Through the process of photosynthesis, plants convert carbon dioxide into oxygen. Is it safe to assume that if indeed there is more available carbon dioxide, then plants would respond with increased vigor and correct the imbalance? Certainly, man can upset the balance in localized areas—think big city smog—but is that really overriding God's balance mechanisms on a worldwide basis?

I have read that plants respond to increased sunlight exposure by producing a higher number of stomata in their leaves; that seems logical. But I also heard of one study that found that the number of stomata in Elm leaves are lower now than they were long ago. The authors of the study were proposing that, due to the supposed increase in available carbon dioxide, plants now require fewer stomata than they once did.

I am skeptical of such studies since they may be interpreting the data to best suit their worldview. Are the Elm leaves different due to increased carbon dioxide, or is it because the Elm of today are different anyway because they've adapted to survive Dutch Elm Disease? I don't pretend to be a scientist, and I've heard very little discussion on this topic. I would be interested in hearing what others think about this.

2 - Even if the idea of increased carbon in the atmosphere is valid, do forestry operations negatively affect the carbon conversion rate? I can't cite any scientific studies, but I think not. Unmanaged forests become stagnant as a small number of dominant trees shade out and/or slow the growth rate of the remaining trees. Logging will temporarily reduce the amount of carbon dioxide being converted to oxygen due to the sudden removal of the harvested trees. However, I have seen how quickly a woodland responds to increased sunlight following a harvest. I believe that in the long term, a managed woodland will convert more carbon dioxide than one that is left alone.

3 - If we go along with the assumption that there is a carbon problem, there is also the argument that the harvested timber sequesters carbon, often for many years, instead of releasing it back into the air as it would if it were left to rot.

Based on points 2 and 3, forestry operations should be seen as a great thing to the carbon-concerned crowd. In all reality, environmentalists should be applauding loggers—what an idea!

Marking Timber

When I mark timber, I like the landowner to be with me at least part of the time. Explaining sound forestry and why I'm marking certain trees and leaving other trees builds trust. It is much better to show the owner why you will be cutting certain trees while the trees are still there rather than having him point accusingly at a stump and ask why you cut that tree. It's not as simple as marching through the woods and marking the largest 15% of the stand.

For the most part, the condition of the woods lets us know what trees to mark for harvesting. Landowner goals affect what we mark, but many owners don't understand forestry and may have some misconceptions that should be corrected. I recommend to owners that they harvest the trees that should be removed to improve their stand of timber for the long term, not what yields the most money now. This can be a tough sell because this "continuous improvement" method usually yields low income from the initial harvest, since the low value trees should be cut while the quality trees are left to mature. However, if forestry is done right, each harvest should produce better quality trees and more income than the previous harvest until the timber stand reaches its full potential.

The opposite of this approach is high-grading. My unofficial definition of high-grading is, "Harvesting the quality timber (mature or otherwise) out of a woodland while leaving the low quality trees." High-grading is common because it is tempting for many landowners to focus on the dollars-per-tree. Buyers like to offer a high dollars-per-tree figure since that makes them look good and makes the owner more likely to sell.

Taking the high-quality trees and leaving the low-quality trees obviously raises the dollars-per-tree figure in the moment. Landowner logic sometimes goes like this: Buyer A offered \$10,000 for 100 trees while Buyer B offered \$15,000 for 100 trees—obviously Buyer B is the way to go. Not so fast!

Are you sure both buyers are bidding on the same 100 trees? This is a common game and one that irritates me. A landowner has no idea who has the better price if the bids are not for the same trees. Often the cheaper bidder may have done the more conscientious job of marking the right trees for good forestry.

Some time ago, I heard of an owner who received a number of bids for his timber. The bids had a \$100,000 spread from lowest to highest. It was apparent that the bidders were not bidding on the same trees; it sounded like each bidder marked more (and better?) trees than the previous one.

He thought the lowest bidder was a cheat, but I figure the lowest bidder marked it closest to how it should have been cut.

Years ago, a veteran timber buyer told my dad, "You won't buy much timber unless you high-grade." Dad has proven him wrong, but his statement reveals an all-too-common philosophy.

The problem with high-grading is easy to understand. If an investor gets rid of his best-performing investments and keeps the under-performers, will he be successful? If a cattle producer consistently removes the best breeding stock out of his herd, can he expect his herd to improve over time? In the case of high-grading timber, it is more about species composition than genetics: harvesting all Walnut while leaving all Cottonwood has obvious results—a stand full of low-value trees.

An immature Walnut is worth more than the best Cottonwood, but value doesn't indicate maturity. If the focus is on getting the most value right here right now, the woodland will deteriorate with each harvest.

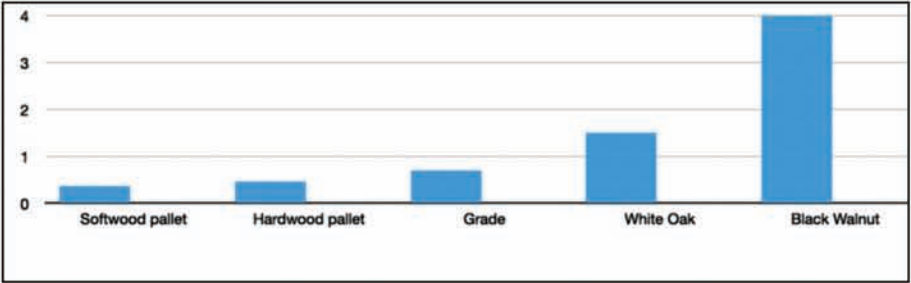

This long-range forestry improvement perspective shouldn't be that difficult to understand; it is much the same as many other things in life. You can choose to take the reward up front or let it accrue through careful stewardship—but you can't do both.

Trying to conscientiously practice good forestry can be frustrating if the landowner doesn't have a proper understanding of how forestry works. Sometimes, we improve a woodlot by taking the low-grade and leaving it better for the future; this obviously doesn't result in a big check for the owner, and he is disappointed. At the next harvest, he calls a different timber buyer, unencumbered with a keen forestry conscience, who high-grades the now-improved stand, undoing everything we did while impressing the owner with a nice check.

This is discouraging and makes it tempting to lower our standards, but I'll admit it is partly our fault. We need to do a better job of communicating to our clients why we do what we do. After an improvement cut, owners may conclude that there is little money in timber, so they clear it for other uses. Some time ago, this happened to a tract we had been managing. When we cleared the timber, the owner was amazed at the timber value that was there.

Marking the right trees at the right time is part of good stewardship and has a big impact on the future of a woods.

This is an overgeneralization of comparative timber values. It helps show the economic disparity between high value species and low value species. With softwood at 35 cents a board foot and Walnut at \$4 a board foot, you can see why too many buyers high-grade.

I mark very little of the timber I cut. This is fine—I'm busy enough—but there are some benefits to marking timber myself that I will be cutting. If a forester or timber buyer marks a woodlot, they often don't know which crew will be logging it. Will it be a hand crew or mechanical crew? How much experience will they have? Some foresters hesitate to mark difficult or dangerous trees (roadside leaners, lodged trees, trees near buildings) because they don't know the skill level of the crew or what equipment they will have. It is wise to refrain from asking a logger to cut trees he is uncomfortable with, but this means leaving trees that other crews could cut.

I know what I can handle and mark accordingly—well, okay, sometimes I am more optimistic than realistic and mark trees that make me question my sanity later. I do enjoy figuring out what good forestry looks like in each situation; marking the right trees so that the woods is better at the next harvest is part of the challenge.

The person marking timber has a large responsibility in shaping the future of the woods. If a farmer makes a poor decision with his corn crop, he can generally try again the next year. If the wrong trees are cut, it will take years—possibly generations—for a wood to recover. The logging crew is usually praised or blamed for the post-harvest appearance of a wood, but a lot hinges on the person wielding the paint can ahead of them.

Again, forestry is an extensive topic. Marking timber plays an important role but there is much more to it. Next month, we will take a deeper dive into the science of good forestry.

Good forestry practices produce good results, like this load of large diameter White Oak and Walnut veneer.

Ethan Royer, of Royer Timber, lives with his family in northern Indiana and provides logging services in northern Indiana and southern Michigan. He can be reached at 574.849.0867.

Better Together: The New Quarterly Virtual Liquidation Event

By Loren Beachy, President, Bright Star Auctions

Author's note: The names and scenarios used in this article are illustrative composites drawn from real situations our team encounters regularly. They are not meant to represent specific individuals.

It is February. A sawmill owner we'll call Abe Schlabach is sitting at his kitchen table, staring at a legal pad with a list of 30 pieces of equipment that need to go. His operation is changing direction. The old lineup served him well, but it is time. He has a debarker he's been babying since 2011, a couple of loaders, a knuckleboom he bought right before prices went crazy, three trailers, and a long tail of smaller items that add up fast.

He has a brother-in-law who says he can sell everything through an online listing service, one piece at a time. His neighbor sold a tractor that way. Of course, his neighbor also spent four months fielding calls from people three states away who wanted to "come look at it sometime" and never did. Abe has a business to run. He does not have four months.

The Right Tool for the Right Job

Before we go further, a word about fit. Not every equipment situation calls for the same solution, and we have worked hard at Bright Star to build a menu of options that matches different needs.

If you have one to five large pieces to sell, our IronRing platform is likely your best bet. Equipment stays at your location, we market it through our well-established IronRing auction network, and buyers bid in via phone or online. It is clean and efficient for a smaller number of pieces, and it is the format where we also accept reserves, which some sellers appreciate.

But when a seller has somewhere between 10 and 100 pieces to move—a real liquidation, not just a couple of orphaned machines—a different approach makes more sense. That is where the virtual liquidation comes in. And we're always trying to make it better -hence this move.

What We Noticed, and What We Did About It

We have been running virtual liquidation auctions for several years now. The format works well. Equipment stays at the seller's location until the auction is over. Our team, or the seller, handles the cataloging, photography, video, and our marketing team goes through their many-step process. Bidders follow along in our BidBook and bid in by phone or online. The seller gets a check. The buyer shows up to load out. Everybody goes home happy.

But we noticed something. A smaller virtual liquidation—say, 12 or 15 pieces from a single seller—sometimes struggled to pull the buyer traffic that a large event commands. The equipment was good. The marketing was solid. But a catalog with 15 items gives a buyer in Iowa fewer reasons to register and tune in than a catalog with 150 items. Lighter buyer traffic means lighter bidding competition. Lighter bidding competition means the seller does not always walk away with what their equipment is truly worth.

The solution, it turns out, was not complicated. We combine multiple virtual liquidations into one large quarterly event. Instead of running Abe Schlabach's 30 pieces as a standalone auction, we run them alongside the 25 pieces from a logging contractor in Virginia, the 18 pieces from a metal fabrication shop in Ohio, and several other sellers in similar situations.

Suddenly, buyers have a reason to tune in. A serious buyer who needs a knuckleboom, a skid steer, and a few trailers can find all of them in one event instead of tracking down three separate auctions over the course of a month. Up to a dozen sellers can participate in a single quarterly event. The result is a catalog that can reach 700 lots of quality equipment, all available in one well-marketed auction.

What This Means for Sellers

Consider another scenario. A construction contractor we'll call Dale Yoder has decided to retire. He has 40-some large pieces: excavators, a couple of dozers, compactors, trailers, and a fleet of support equipment plus a shop full of good smaller power tools he accumulated over three decades. His son does not want the business. His nephew is interested but cannot take on the whole fleet. Dale needs it gone, and he'd like to have fair money for it.

In the past, a virtual liquidation for Dale alone would have been a solid option—and it still is. But now, instead of Dale's event standing alone in the market, it anchors one quarter of our combined event alongside other motivated sellers. Buyers who specialize in construction equipment will have even more reason to register and participate, because there is more for them to look at. Dale benefits from the combined gravity of everyone in the event with him.

And here is something that matters to some sellers more than others: each seller still gets individual recognition in our marketing. Your equipment is identified as yours. If you have maintained your machines well, we tell that story. If your operation has a reputation in the industry, buyers will know who they are buying from. You are joining a larger event—not disappearing into it.

What This Means for Buyers

Buyers are busy people. A procurement manager for a large sawmill operation does not have time to follow six different auction companies across four different platforms hoping that the right skid steer shows up in the right auction on the right day. When we can tell that buyer: "On this date, we will have up to 700 lots of quality equipment, everything from logging machinery to woodworking equipment to construction iron, all in one event"—that buyer is going to mark the calendar.

More serious buyers showing up means more competitive bidding. More competitive bidding means better prices for sellers. It is a straightforward chain of cause and effect, and it is exactly what we are aiming for with this format.

The Process Has Not Changed

For a seller, the experience of a virtual liquidation is the same whether it was a standalone event or is now part of our quarterly combined format. One of our equipment specialists comes out to your location, or works with you remotely, to get all the information we need. We catalog every piece, get good pictures and video of the machines running, and build your listing in our BidBook—the detailed catalog that goes out to thousands of potential buyers. For sellers who prefer a more economical option, there is also the choice to handle your own cataloging. Our team will walk you through exactly what we need—descriptions, photos, video of each machine running—and you can gather that information yourself and submit it to us.

Sold as part of the Coastal Wood virtual liquidation December 2025. Wood-Mizer Slab Flattener. \$16,000.

Sold as part of the Jericho Wood Products virtual liquidation August 2025. 70-foot green chain. \$7,000.

Sellers who want us to handle all of it from start to finish can certainly go that route as well. We offer the full range, and your equipment specialist can help you figure out which approach fits your situation and your budget. On auction day, your equipment stays right where it is. Bidders call in on our phone bidding line or log in online. Our auctioneer calls the auction. Bids sync across multiple platforms simultaneously. When it's over, we collect payment from the buyers. The buyers then come to your location for loadout, and once that is sorted, we cut you a check. You never had to haul a single piece anywhere.

A woodworking shop owner we'll call Jonathan Weaver described the experience well: "I kept waiting for it to get complicated. It never did. They came, they took pictures, they handled everything. I just had to be around for loadout." Jonathan had 22 pieces in a previous standalone virtual event and was happy with the results. Under the new combined format, his equipment would have had even more buyer traffic working in his favor.

Mark Your Calendar

The next one is scheduled for August 25th. The sooner you make the call, the better positioned your equipment will be when auction day arrives. Equipment that gets into the catalog early gets more marketing exposure in the weeks leading up to the auction.

Let's Talk

If you are sitting on a liquidation-sized pile of equipment and wondering whether this format might work for your situation, I would encourage you to make a call. Our equipment specialists are genuinely good at what they do, and they will give you a straight answer about whether the virtual liquidation—standalone, combined quarterly, or some other format entirely—is the right fit.

You can reach our team, who have decades of combined experience with equipment and auctions, at 574.825.0704. Myron Nissley, Dale Nissley, Eugene Hochstetler, and Jonathan Miller are happy to talk through your situation and figure out the best path forward. No pressure, no commitment—just a conversation with someone who knows the equipment auction business and wants to help you make a good decision.

Our mission at Bright Star has not changed: delivering the most accessible heavy equipment auctions around. The quarterly combined virtual liquidation is our latest attempt to do that better for more people. May your bids be high and your equipment run smoothly.

Sold as part of the Willsie Lumber Virtual Liquidation December 2025. John Deere 544K with 15,884 hours. \$40,000

Sold as part of the Horizon Lumber (Iowa) virtual liquidation in December 2025. John Deere 6090 power unit and hydraulic pumps. \$17,500.

Bright Star Auctions works for sellers of sawmill, logging, excavating, construction, and other heavy equipment. Bright Star has been blessed to sell hundreds of millions of dollars of equipment around the country and has likely dealt with many situations much like yours. Eugene, Jonathan and the liquidation team would be happy to meet with you, discuss your situation, and present you with options. The team at Bright Star keeps your best interests in mind and lets you make the decision. Their mission is: Showing Christ to the World by Delivering the Most Accessible Heavy Equipment Auctions. Loren Beachy serves as CEO of the company. For a free consultation, call 574.825.0704 or reach out via our website at brightstarauctions.com.

Other Brands

This auction provides an excellent opportunity to purchase high-quality pallet pre-cuts in bulk. Each sale will feature up to 10 semi-loads of premium cut stock lumber, supplied by a trusted source and ideal for pallet manufacturers and regional distributors. While specific inventory will vary from sale to sale, buyers can expect notched #1-grade stringers with a 99% usability rate - perfect for restocking at competitive prices. These auctions are conducted weekly, and all items sell absolute with no reserves. For an updated catalog and full details, please call our office at (574) 825-0704, closer to the auction date.

We are also actively seeking more sawmills that want to increase production to help meet our growing buyer demand. If you have cut stock lumber or related materials to sell, we'd love to talk. Our team can help you reach a national audience and turn your inventory into cash - quickly and effectively.

**Got Lumber?
Consign Today!**

We are continuing to hold lumber auctions on a regular schedule. WoodRing has transitioned to a weekly auction schedule, with auctions held every Monday, excluding holiday weeks. Mark your calendars for the upcoming lumber auction dates:

BRIGHT STAR
AUCTIONS

AC32100007 (574) 825-0704

Selling my cut stock lumber through Bright Star's Premium Cut Auction has been a turning point for my business. The process is straightforward and reliable—I know exactly when my lumber will sell, and I always get paid within a week. Bright Star's marketing puts my products in front of serious buyers nationwide, and I've consistently seen strong prices and quick sales. Since partnering with Bright Star, I've reached new customers, moved more inventory, and grown my business. If you want a hassle-free way to sell your lumber and expand your reach, I highly recommend their auction. - John Gusler, Fairview Woodyard, Fairview, MI

WoodRing

Online & Phone Bidding Only

Date: August 10th

Auction start time: 9 AM ET

▶▶▶ For phone bidding, please register during the week prior to the auction if possible by calling 574.825.0704 ext 5 ◀◀◀

The number of loads is subject to change based on sellers' cutting schedules and available stock. All wood is freshly cut the week before the auction. Final load counts are typically available by the Friday prior to auction day. This auction offers a unique opportunity to purchase high-quality notched #1 grade pallet stringers by the truckload. With at least 10 truckloads available, it's an excellent chance to secure bulk quantities at competitive prices. This virtual absolute auction provides a convenient and efficient way for buyers to meet their lumber needs.

Auction Specialist: Noah Yoder 574.821.2801

Preview & Inspection: Buyers are responsible to do their own inspection to determine the condition of the items they purchase. Inspections times are available as follows: Preview times are available by appointment or based on the lot locations. See the Information lot for each site.

Payment Information: Payment terms: 6% sales tax, unless otherwise noted. 5% Online Buyer's Premium in effect for all purchases. Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. All payments are due immediately upon receipt of your invoice.

INFORMATION LOT

Fairview Woodyard

The following 8 lots are sourced from Fairview Woodyard, an established sawmill operation established in 1990 and located in Fairview, Michigan. Operating with a team of approximately nine employees, the company produces around 225,000 board feet per week, supplying industrial lumber products to pallet and wood product markets. Fairview Woodyard has built a reputation for consistent output and dependable supply, supported by hands-on ownership and decades of industry experience. Strategically positioned in northern Michigan's timber region, the operation serves regional and multi-state customers requiring reliable hardwood and softwood production.

LOT 100

2008 Takeuchi TL250 Skid Steer
— Specifications & Features — Year: 2008. Make: Takeuchi. Model: TL250. Serial #: 225000223. Engine: Kubota. Fuel: Diesel. Hours: 4,297. Horsepower: 98. 2 Speed: Yes. ROPS: Enclosed. Heat: No. AC: No. Controls: Joystick. Lifting Capacity: 2,624. Attachment: none. Quick Attach: Manual Power. Highflow: no.
— Seller Statement — Recently serviced by a mechanic, including inspection of a slight engine knock that has since been addressed and is no longer causing concern. Rear lights don't work and machine is still in use so hours will be higher. The machine was originally an enclosed unit, but the upper portions of the windows and the heat and A/C components have been removed, creating a mostly open cab configuration. It includes wiring for a hydraulic quick attach. The machine is equipped with tracks and is in good running condition, with all systems reported to be operating properly following service. No Reserve!
— Location — Hartly, DE. — Contact — Specialist: Dale Nissley, 574-821-6014.

LOT 101

2017 Boxer 700HDX Mini Skid Steer
— Specifications & Features — Year: 2017. Make: Boxer. Model: 700HDX. Serial #: 5352. Engine: Kubota. Fuel: Diesel. Hours: N/A. 2 Speed: No. ROPS: Open. Heat: No. AC: No. Controls: Joystick. Attachment: 42 inch bucket. Quick Attach: Manual Power. Highflow: no. — Seller Statement — Runs and operates. Right joystick handle is loose. Reason for selling: upgraded to a newer and bigger machine. No Reserve! — Location — Middlefield, OH. — Contact — Specialist: Daniel Miller, 440-321-5965.

LOT 102

Skid Steer Mount Feller Buncher Head
— Description — Made by DFM, 2021, SN 8241, model CFB, 16" circular cut, Bobcat wiring harness goes with, used for 1 job, same as new. No Reserve!
— Location — Leroy, MI. — Contact — Specialist: Myron Nissley, 574-536-2481.

LOT 103

2014 JLG 339RT Scissor Lift

— Specifications & Features — Year: 2014. Make: JLG. Model: 339RT. Serial #: 0200227373. Engine: Deutz 49 HP. Meter Reads: 1,048. Weight Capacity: 2,250. Lifting Height: 33'. Platform Size: 8'x12' with extension to 16'. — Seller Statement — Machine weighs 12,200 lbs, no known issues, still in good operating condition. — Location — West Mansfield, OH. — Contact — Specialist: Dale Nissley, 574-821-6014.

LOT 104

1998 Snorkel TB80 Boom Lift

— Specifications & Features — Year: 1998. Make: Snorkel. Model: TB80. Serial #: 981216. Engine: Deutz. Fuel: Diesel. Meter Reads: 5,493. Power Source: Diesel. Drive Line: FWD. Jib Feature: no. Rotating Platform Feature: yes. Power to Platform: Yes. Type of Boom Lift: Telescopic. Vertical Reach: 80'. Load Capacity: 750 lbs. Basket Size: 3'x8'. — Seller Statement — Recently serviced approximately 200 hours. Equipped with spread axles for added stability. The emergency shutoff/auto platform requires a key to be turned off. This is an older machine that still runs strong and remains in good working condition. No Reserve! — Location — West Mansfield, OH. — Contact — Specialist: Dale Nissley, 574-821-6014.

INFORMATION LOT

Fairview Woodyard

The following 8 lots are sourced from Fairview Woodyard, an established sawmill operation established in 1990 and located in Fairview, Michigan. Operating with a team of approximately nine employees, the company produces around 225,000 board feet per week, supplying industrial lumber products to pallet and wood product markets. Fairview Woodyard has built a reputation for consistent output and dependable supply, supported by hands-on ownership and decades of industry experience.

Strategically positioned in northern Michigan's timber region, the operation serves regional and multi-state customers requiring reliable hardwood and softwood production.

Factory Direct Absolute Equipment Auction

- Timed Online Only Auction -

Online Bidding Only

Date: August 20th

Auction start time: 9 AM ET

This is a timed online-only auction. Lots will close sequentially beginning at 9:00 AM ET, with time extensions applied only when bids are placed in the final seconds. Due to the fast-paced nature of this format, bidders should pay close attention throughout the auction. There will not be a live auctioneer; **THEREFORE THERE WILL BE NO LIVE CONFERENCE LINE BIDDING.** If you do not have access to bid online, we have a simple and straightforward way that you can participate. Simply call our office to have a max bid placed on your behalf. You will then be notified if you win the bid.

Auction Manager: Daniel Wengerd, (440) 636-3128.

Location of Equipment: 16989 Kinsman Rd. Middlefield, OH 44062.

Preview & Inspection: Buyers are responsible to do their own inspection to determine the condition of the items they purchase. Inspections times are available as follows: Preview is available Monday - Friday from 8 AM to 3:30 PM prior to the auction.

Loadout Information: Free loadout will be available by appointment ONLY until Thursday, September 10, Monday - Friday from 8 AM to 3:30 PM. Please look for an email and/or text message with a link after the auction to schedule your appointment. If you need help scheduling please call Daniel Wengerd at (574) 825-0704 ext. 122. After 30 days all items not picked up will be considered abandoned and will be repossessed by the auction company. To help avoid confusion, please make sure the Trucking Broker and/or the Truck Driver has a copy of your invoice when he arrives pick up your items.

Payment Information: Payment terms: 13% Online Buyer's Premium in effect for all purchases. Check, or wire transfer. All payments are due immediately upon receipt of your invoice. Credit cards are only accepted on invoices with a total of less than \$2500.

Financing Available: Secure the equipment you need with Bright Star Financial Services. Enjoy fast, flexible options tailored to your business needs. Apply now for pre-approval and bid with confidence! Learn more at brightstarauctions.com/finance.

BRIGHT STAR REALTY AND AUCTIONS, LLC
11751 CR 12, Middlebury, IN 46540
("Auctioneer")

Bidder Terms and Conditions

There is a 13% online buyer's premium in effect for all purchases made online. Buyer's premium is 10% for onsite bidders. All items sell where is as is with no warranties or guarantees. Buyer is responsible to inspect all merchandise prior to placing bids. Payment terms: Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. Credit cards are only accepted on invoices with a total of less than \$2500. All payments are due immediately upon receipt of your invoice. Onsite buyers, payment is due the day of the auction. If onsite bidders wish to send a wire and still be assessed only the onsite buyer's premium, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. All items are pick-up only. Smalls must be removed within 2 days. All items must be removed within 30 days unless otherwise noted. Loadout available day of auction, after that by appointment. Please call agent for more info. Buyer shall assume responsibility of all property when auctioneer says sold. Auction company is not responsible for any missing or stolen items.

These Bidder Terms and Conditions ("**Terms**") apply to auctions conducted by BRIGHT STAR REALTY AND AUCTIONS, LLC and constitute a legal, valid, binding, and enforceable contract between Auctioneer and the Bidder. These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. By participating in the Auction, whether at the auction site, online, telephonically, or through any other means (including Absentee Bid), Bidder agrees to be bound by, and to abide by, these Terms.

Auctioneer's Licensing and Bonding. Auctioneer is licensed and bonded where required.

2. **Definitions.** The following definitions apply to these Bidder Terms for each auction conducted by Auctioneer:

"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"No Sale" occurs if Property is put up at the Auction but is not Knocked Down or sold, and Auctioneer passes on such Property or declares a No Sale.

"Online Auction Platform" means the hardware and software utilized to conduct the Auction online and to facilitate online bidding, including any associated, adjunct, and/or complementary websites, services, premiums and promotions.

"Online Auction Platform Provider" means the provider of the Online Auction Platform and related services to conduct Auction online.

"Online Bidding Period" means, with respect to an Auction conducted in whole or in part online, any established period during which bids may be tendered.

"Participant" means any person who attends, or otherwise participates in, the Auction (in person or remotely). The term Participant includes, but is not limited to, Registered Bidders, Bidder, and Buyers.

"Personal Property" means all tangible and moveable property, including fixtures, designated as Property.

"Pick-up" means the act of picking up or removing sold Lots by respective Winning Bidders at the date(s), time(s), and location indicated for such during the Auction or as later agreed to by Seller and Buyer.

"Private Sale" means an event in which Property is sold by Seller, or on Seller's behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

"Private Sale Price" means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

"Property" means the Real Property and the Personal Property.

"Purchase Price" means an amount equal to the Hammer Price or High Bid Subject to Confirmation, as the case may be, plus the Buyer's Premium.

"Registered Bidder" means a person or entity that has registered to bid at the Auction.

Bidder Terms and Conditions Continued...

"Registration Deposit" means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.

"Reserve" or "With Reserve" means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.

"Reserve Price" means the minimum price that Seller is willing to accept for specific Property.

"Seller's Confirmation" means Seller's confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.

"Subject to Seller's Confirmation" means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller's Confirmation, that after the High Bid Subject to Seller's Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller's sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.

"Winning Bid" means the highest bid received and accepted (and if Subject to Seller's Confirmation, confirmed by Seller).

"Winning Bidder" means the Bidder who is recognized by Auctioneer as having made the Winning Bid.

"Withdraw" refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.

3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer's discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.

5. **Buyer's Premium.** All Property offered at the Auction is subject to a Buyer's Premium, which will be paid by the Buyer to Auctioneer for Auctioneer's own account. The Buyer's Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer's Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer's discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder's Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer's Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer's website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer's sole and absolute discretion.

10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer's sole and absolute discretion.

10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer's records will be deemed final and conclusive.

10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder's internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.

10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.

10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.

10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.

10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.

10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.

10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer's discretion, reopen the bidding.

Bidder Terms and Conditions Continued...

- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY, ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTEE MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.
17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.

Bidder Terms and Conditions Continued...

26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.
28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused by Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.

Phone Bidding instructions for Bright Star Auctions

If you can't make the auction, Bright Star is happy to accommodate you over the phone. By following the instructions below, you will be able to listen to the auctioneer and announcer and enjoy the crystal clear audio on the Bright Star Auction line.

Registration:

- Call the office at (574) 825-0704 ext 5 to register and get a bidder number. Preferably do this before auction day. Share your fax or email to receive the updated catalog the day before the auction.

Joining the Auction:

- **Ring 1: Call (419) 677-0715 and enter ID#: 904 359 662#.**
 - Ring 2 (if applicable): Call (832) 680 -1799 and enter ID#: 464 897 846#.
- You'll be placed in the auction audience upon calling.

Bidding Process:

- To bid, press *6 to unmute, state your bidder number and "yes" (e.g., "bidder 2532, yes").
- The ringman communicates your bid to the auctioneer.
- Press *6 to mute yourself when you are done bidding.
- Be sure to speak your bidder number first, loudly, and clearly.

Post-Auction Payment:

- Call (574) 825-0704 ext 4 within two hours after the auction to arrange payment.
- Credit cards are only accepted on invoices with a total of less than \$2500. Cash payments are only accepted on invoices with a total of less than \$10,000.
- Payments are due immediately post-auction.
- If you don't have fax or email, you'll be notified of your total by phone.
- Mail checks to: Bright Star Auctions, 11751 CR 12, Middlebury, IN 46540.

Additional Tips:

- Please do not try to bid on speaker phone.
- Hundreds of photos in the online catalog.
- Log into the conference line 15 minutes early to avoid missing your lot.
- If you have trouble getting logged in, please call the office at 574-825-0704.

Trucking Services:

- US Logistics
 - Contact Nathaniel Stoltzfus
 - Phone: (570) 660-4246

- **Enjoy the convenience of bidding from home with Bright Star!**

Auction recordings are again available on the conference line:

Call: (712) 432-8774 - Conference id: 274448 # - Recording id: (6-digit date of auction) For example Williamsfield Valley Veneer was on September 21st, 2022. So, the recording id is 092122.

Press 1 to **pause or restart**, press 4 to **rewind** 2 minutes, press 6 to **fast forward** 2 minutes.
