From the Editor

Monday, Dec 15th, 2025

WOW! The Christmas season has really snuck up on us—only a week away. The weather sure feels right for a white Christmas. Cold, snowy, and windy seems to have been the pattern lately. Our boys are begging to go skating, and I just haven't found the time yet with having church at our house this past weekend. Maybe sometime this week we'll get out and check the ice.

Excitement is also building at our house as we get ready for a two-week vacation to Florida. We'll be catching the Amtrak in Elkhart on Saturday evening for a two-day train ride. I'm looking forward to some good family time with my toes in the sand and my mind off work—at least a little. (You can still leave a message if you need a catalog or want to subscribe.)

I'm hoping this issue reaches you in time for the 12/31 IronRing auction. With the holidays and mail schedules, fingers are crossed that we got it out soon enough. We plan to mail the 26-01 issue on Monday the 22nd. That issue will include the two January lumber auctions, scheduled for January 7 and January 20. Even if your book doesn't arrive in time, you can still tune in on those days if you're interested in buying lumber. There will be no IronRing or yard auctions in January (except Middlefield factory direct).

Please make sure this isn't your last issue. Check the expiration date by your address. If it shows 12/31/2025, now is the time to get a check in the mail. With the three-year option available, you can take care of it and relax.

We also plan to be at the Northeast Tool Expo on January 16 and 17 in Stanley, New York. I hope to see you there.

Thank you for your business in 2025. We look forward to serving you in 2026. As always, we're open to your suggestions and would love to hear your feedback. Wishing you and your family the very best this holiday season.

Until next time,

Wayne Nisley, Editor

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

As we moved toward the end of the year, the auction trail took us through Michigan, New York, Pennsylvania, and everywhere in between. Several mills had been idle for years, which kept the mill equipment soft, but the rolling stock stayed steady and often outperformed expectations. Here's a look at how the past few weeks unfolded.

2018 Cleereman Mill - Sold for \$145,000

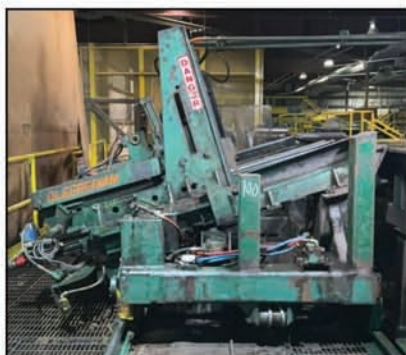

2023 Cleereman Edger - Sold for \$105,000

We started in Lewiston, Michigan on November 21, where the grade mill had been shut down for more than two years. That made the sawmill equipment a little harder to move, though a few key pieces still drew interest.

The Cleereman slant mill entirety brought \$25,000, the TMT gang saw sold for \$10,000, the Morbark Stac-Trac went for \$12,500, and the 58" Morbark chip pack matched it at \$12,500. Rolling stock fared better, with an older TimberPro forwarder bringing \$47,500 and the John Deere 544J wheel loader selling for \$23,000. It was a tough market overall, but the seller was ready to close this chapter and move on.

On November 28, the team headed to the Lake Erie Equipment Auction. There wasn't much heavy equipment this time, but the late-model trailers and tractors brought strong bidding from start to finish. The 2024 Lynx mini skid sold for \$15,500, the New Holland tractor brought \$11,500, and the Wood-Mizer sawmill went for \$10,000. Ring 2 stayed busy all day with 700 lots of factory direct items and consistent bidder activity.

December 3 took us to the Adams Lumber liquidation in New York. The mill had been idle for four years, so once again the sawmill equipment came in soft. Even so, the Cleereman 36" carriage entirety sold for \$6,000, the Morbark debarker line brought \$9,500, and the Morbark chip pack, which was still a nice unit, went for \$17,000.

Cleereman Entirety- Sold! \$25,000

2005 Timberpro - Sold! \$47,500

Morbark - Sold! \$17,000

2001 Timberjack - Sold! \$38,000

2016 John Deere - Sold! \$37,000

Rolling stock more than carried the day. The Timberjack 360D cable skidder brought \$38,000, the 2016 John Deere 550K dozer sold for \$37,000, the International 5600 log truck went for \$36,000, and another older Timberjack skidder brought \$23,000. The Sellick all-terrain forklift rounded things out at \$15,000.

The next day, December 4, we were in Clymer, New York for a very strong outing. This lineup featured late-model, one-owner equipment, and the bidding reflected it. The 2018 Cleereman linear-positioning carriage entirety package sold for \$145,000, and the 2023 Cleereman edger brought an impressive \$105,000.

The HMC debarker sold for \$25,000, the John Deere 544K wheel loader brought \$60,000, and the John Deere 333G track skid steer sold for \$37,500. Even the attachments performed well, with JRB log forks selling for \$8500 and the bucket bringing \$8,000.

We wrapped things up at Guys Mills, Pennsylvania on December 5 for the Jacob A. Weaver liquidation. With more than 500 lots, it was a big day. Sawmill equipment stayed soft: the Precision 58" chip pack sold for \$27,500, the Nicholson ring debarker brought \$20,000, the sharp chain scragg mill went for \$15,000, and the Brewer three-head resaw brought \$8,000.

Rolling stock and miscellaneous equipment stayed steady, with the Volvo L60F selling for \$29,500, the 2011 Wacker Neuson mini wheel loader bringing \$26,000, the Survivor truck scale at \$22,000, and even an older plasma cutter selling for \$13,000. It was a long day, but sellers left feeling good about the results.

As we close out another busy stretch, thank you to everyone who took part in these year-end auctions. Wishing each of you a blessed holiday season and a very happy New Year!

Sold! We'll see you at the next auction!

Merry Christmas!

*The Reason, Today's Spending, Traditions,
and Number One Tourist Attraction.*

Luke 2: 1-14

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed. (And this taxing was first made when Cyrenius was governor of Syria.) And all went to be taxed, every one into his own city. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David:). To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered. And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn. And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger. And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men.

Today, Christmas is both a time of joy and generosity. According to the National Retail Federation's 2025 forecast, holiday spending from November through December is expected to surpass \$1 trillion for the first time. This includes gifts, food, travel, decorations, and other seasonal items. On average, Americans plan to spend about \$890 per person on holiday gifts, food, decorations, and other seasonal items. While prices and economic concerns shape how families plan their budgets, the focus for many remains on spending time with loved ones and making the season meaningful.

While some of us may not follow certain traditions, understanding their origins adds a layer of historical interest to the season. The Christmas tree, for example, traces its roots back to 16th-century Germany. Devout Christians brought evergreen trees into their homes as a symbol of life and hope in the winter months. German immigrants later introduced this practice to the United States, where it became widespread.

Another tradition that has captured public imagination is the figure of Santa Claus. This idea blended many cultural influences over centuries. People first celebrated St. Nicholas, a 4th-century bishop known for secret gift-giving and generosity. Over time, stories of gift-giving figures in European folklore, including Dutch traditions of "Sinterklaas" and other seasonal characters, merged with the legend of St. Nicholas to become the more familiar modern image often depicted in popular culture.

One of the most recognizable symbols of the Christmas season in the United States is the Rockefeller Center Christmas Tree in New York City. Each year, a large Norway spruce is chosen and transported to 30 Rockefeller Plaza, where it becomes the centerpiece of one of the most watched holiday traditions in the country. The 2025 tree is a 75-foot Norway spruce that was brought from upstate New York and will be lit in early December with more than 50,000 LED lights and a Swarovski crystal star. Since the first official lighting ceremony in 1933, this tradition has served as a festive beacon during the holiday season, capturing attention nationwide as families at home tune in or follow the story each year.

***Jesus is the
reason for the
season!***

The Windmill That Changed the Lumber World

When people think about early sawmills, most picture a water wheel turning slowly beside a creek. But one of the biggest steps forward in lumber history did not come from water at all. It came from the wind.

In 1593, a Dutch inventor named Cornelis Corneliszoon introduced a wind-powered sawmill that quietly changed how lumber was produced. At first glance it looked like an ordinary windmill, the same kind already used to grind grain. What made it different was what happened inside. Corneliszoon figured out how to take the spinning motion of the windmill and convert it into the back-and-forth motion needed to saw logs into boards.

Before this idea, lumber production was slow, exhausting, and dangerous. Logs were cut using a pit saw, with two men working together—one standing on top of the log and the other below—pulling the saw up and down by hand. It was hard labor, and progress came one stroke at a time. Producing enough boards for large projects, especially ships, could take weeks or even months.

The wind-powered sawmill changed that overnight. Instead of human muscle doing the work, the wind drove the saw blade while logs were fed steadily into position. Boards could be produced faster, more evenly, and with far less strain on workers. This was one of the most important efficiency upgrades the lumber world ever experienced. It was not flashy, but it worked—and it worked well.

The timing of this invention mattered just as much as the invention itself. The Netherlands was a major shipbuilding nation, and ships required enormous amounts of lumber. Faster sawing meant ships could be built and repaired more quickly, trade could expand, and labor demands could be reduced. Historians suggest that this system increased lumber output several times over compared to hand sawing alone. That kind of improvement feels familiar to modern sawyers who remember their first major upgrade in mill equipment.

While wind-powered sawmills did not spread everywhere, the idea behind them did. Corneliszoon proved that natural power could replace brute labor, setting the stage for water-powered mills, then steam, and eventually the electric and diesel-powered mills we rely on today. This was more than a new design—it was a shift in thinking.

Looking back from today, modern sawmill equipment is far removed from that early windmill, yet the goal remains the same. Mill owners still chase faster production, smoother flow, better yield, and less physical strain on people. The wind-powered sawmill of 1593 stands as a reminder that progress often begins with a simple question: how can we let power do the work instead of people?

Those American Pharoah Moments

By Ramah Fry

It was 2015 and Thoroughbred horse racing was facing a thirty-seven-year drought of Triple Crown winners. Being a Triple Crown winner means coming in first at the Kentucky Derby, The Preakness, and the Belmont Stakes - a tough job and only accomplished by the greatest of equine athletes.

Not that I generally follow horse racing, but I have always enjoyed horses of any kind and my ears pricked up when I heard that a big bay stallion by the name of American Pharoah had won a hard-fought Kentucky Derby, followed by a muddy victory at the rain-soaked Preakness.

I eagerly awaited news of the Belmont Stakes and exulted with the rest of the world at the front-page photo of American Pharoah, Victor Espinoza astride, crossing the finish line alone, several lengths ahead of the rest of the pack. That photo of him and the little Mexican jockey became a favorite of mine. The horse stretched out running and Victor raising his fist, whip clenched in it, in victory.

That same photo appeared on the front cover of *World* magazine in the 2015 Year in Photos recap. I stared at it, feeling ... what? A twinge of jealousy? They looked so victorious and exultant and well they should! They had accomplished what no one else had for the last thirty-seven years.

I was only a skinny, fresh-faced lass of 19 at the time and the years since then have taught me that there are many victories in life greater than (yes, truly!) winning the coveted Triple Crown. I think of him sometimes, though, when I'm experiencing that exultant, victorious feeling.

Even something as simple as seeing my entire beet crop (so much bigger than I'd planned) in jars. I'd stayed up until 1:00 am to finish it, then cleaned up and collapsed into bed. The next day I carried all the jars into the basement and gazed in satisfaction at the neat rows. I raised my fist in jubilation as I clattered back up the stairs.

Or the ultimate - nine months of first, sickness and lethargy followed by heaviness and clumsiness, then laboring, panting, hour after hour. Then – sweet relief as a slippery, sticky bundle crowned with dark hair and a sweet face is placed, flopped rather, onto my chest. I clasp my little one close and can only close my eyes and smile, but in my head I am cantering across the finish line with my fist held high in triumph.

Of course, it isn't the finish line at birth, merely a hurdle, and only the beginning of years of striving and failing but hopefully also chock full of American Pharaoh moments (as I've come to think of them). We are allowed - we are CALLED - to rejoice in even the tiniest victories.

That first time you sit bolt upright in bed, look around in confusion, glance at the clock. 6:30 am! Baby's first full night of sleep. Bless you child - May there be many more! Little arms wrapped around your neck, "Lub you too, Mom!" When you hold up a flashcard and a tousle-haired little girl triumphantly says the right word. When that same little girl obeys quickly and quietly (oohh - still working on that!).

A quiet compliment from my husband as he thanks me for being a good mom. I don't let him see the tears that sting my eyes. I WANT to be a good mom and his vote of confidence means the world.

I imagine, hope and pray that someday I might hear a clear voice proclaim its faith in Jesus Christ on bended knee in a crowded Church room. Proclaim it in front of aunts and uncles, grandparents and cousins, Daddy ... and Mom who - in her heart - is raising her fist heavenward, celebrating with the Lord a victory that puts American Pharaoh to shame.

Ramah Fry is an Amish mother of three who lives with her husband on a horse farm in Millersburg Indiana.

These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. "Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"Private Sale" means an event in which Property is sold by Seller, or on Seller's behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

"Private Sale Price" means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer’s sole and absolute discretion.

10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer’s records will be deemed final and conclusive.

10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder’s internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.

10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.

10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.

10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.

10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.

10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.

10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer’s discretion, reopen the bidding.

Bidder Terms and Conditions Continued...

- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY, ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTEE MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.
17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.

Bidder Terms and Conditions Continued...

26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.
28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.
