Thomas Industries & Advanced Print Technologies

The Nation's Largest Auction & Appraisal Firm Dedicated to the Printing Industry

Global Online Auctions - Equipment Remarketing Programs

Certified Appraisal Services - Turn-Key Business Sales

A Uniquely Qualified Staff with Over 500 Years of Print Industry Sales & Ownership Experience.....

Important Note to Printers

Organic growth now and in the future, will no longer be the primary growth driver or in many cases enable printers to survive. As you're probably aware the current growth of most printers is occurring through mergers, acquisitions or tuck-ins. In the past two years over 70% of our auctions have resulted from these types of transactions. Where do we fit in? We act as an intermediary, connecting the sellers and buyers, providing valuations of the assets, for buyer or seller, and where surplus results providing equipment remarketing programs. If you're considering expansion or looking for an exit strategy, we have an extensive database of companies looking to expand and would welcome the opportunity to discuss options that may be available.

It's Predicted That Printing Companies Will Grow Primarily Through Mergers and Acquisitions Through at Least 2020

Idealliance & Thomas Industries are partnering to provide printers a unique opportunity to explore strategic growth options.

Our in-depth knowledge of the printing industry and longstanding relationships with printers nationwide mean we can combine invaluable data on industry trends with thousands of pre-qualified printers seeking to expand their businesses through mergers or acquisitions.
