Subject: Online Liquidation Auction

Dear "Toms",

As you both know, my dad Lou started Industrial Surplus in 1952 with "just a truckload of Government surplus milling cutters and a dream". Through the decades with a lot of hard work and perseverance Industrial Surplus became and remains one of the countries leading used machinery and machine tool accessories dealers.

A lot has changed over the years and we now have our 100,000 sq/ft building and property under contract to be sold. This is the catalyst for me, Paul and Jack to move on to the next chapter of our business careers. We will each continue to work in the Machinery "World" in different ways. We all look forward to continuing to work with our many customers and friends we have made over the last 35 years.

With all this change and the future ahead of us we would like to proceed with the October online auction proposed by Thomas Industries. As discussed, since we are razing the building in the near future we will be auctioning everything including Machinery, Tooling, Inspection items, Forklifts, Company Trucks, Plant support, etc.

Thank you for your many conversations through this challenging decision. We know it's the right decision and look forward to a new beginning.

Very Sincerely,

Guy Brunette  
Paul Gaffney  
Jack Guzewicz
