

**DESIGNERS AND MANUFACTURERS OF HIGH SPEED MITRE, DOUBLE MITRE  
CUT-OFF SAWS AND ACCESORIES**

## **Upcut Saws**

Engineered for accurate, fast, and safe production cutting. For wood, aluminum, plastic, and non-ferrous metals. Two hand control and extended blade guard with Lexan windows is standard for safe operation. All models run on Baldor motors.

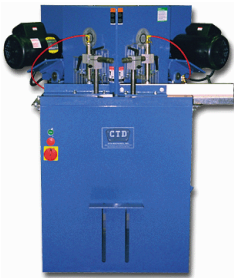

## **Ferrous Metal Saws**

Cold saws with dual-speed motor winding, which allows the blade to spin at 55 or 110RPM. Can cut through solids, tubing, or pipe. Baldor motor. Includes a coolant pump with recirculation tank for cooling and washing chips away from the blade.

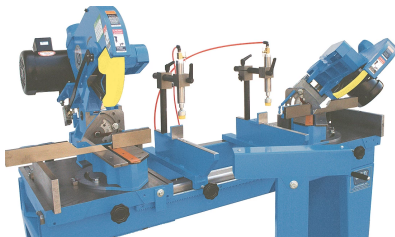

## **Chop Saws**

CTD carries a wide variety of mitre, straight, and compound cut-off saws. Call us for a consultation on what you need.

## **Framing and Notching**

- D45AX & D45FX Fixed-head Double Mitre Saws
- D45AX14 Frame & Notching Saw
- N90 16" Vertical Frame and Notching Saw
- N90 18" Staggered Blade Toe Notching Saw

## **Double End Trim Saws**
