

Uchida Paper Drills

VS-20, VS-25, VS-55 & VS-200

range of 4 electric paper drills
suitable for office and reprographic departments
programmable hole patterns
hole diameters from 3 to 13mm

These electric paper drills are for office and reprographic department use where there is a regular requirement for punching volumes of paper for filing and archiving.

VS-20

Single spindle model for 2 hole drilling of A4 paper.
Accepts 4, 5 & 6mm diameter drill bits.
Sliding table with self-centring paper guides.
Transparent waste container.

VS-55

Heavy duty programmable drill with sliding table, self-centring paper guides and lockable paper clamp.
Accepts drill bits 3 to 9mm diameter and up to 13mm with adapter.

VS-25

Single spindle drill for use with A4/A5 and non-standard sizes.
Programmable for popular 2, 3 and 4 hole patterns.
Accepts 4, 5 & 6mm diameter drill bits.
Sliding table with self-centring paper guides with lockable paper clamp.
Transparent waste container.

VS-200

Heavy duty, twin spindle drill with sliding table.
Synchronised adjustment of distance between drill bits.
Self-centring paper guides and lockable clamp.
Accepts 3 to 13mm diameter drill bits.
