

SCOT

CENTRIFUGAL PUMP SERIES

Power. Precision. Performance - 3 HP – 25 HP Industrial Range

Common Chiller Pump Sizes & Specifications

Model	Horsepower (HP)	Nominal Flow (GPM)	Pressure (psi) @ nominal flow	Connections	Price (USD)
602	3	55	36	2" npt in/out	\$1,740
17	5	135	37	2" npt in/out	\$1,900
602	5	115	51	2" npt in/out	\$2,090
15	7.5	220	41	3" npt in/out	\$2,320
15	10	220	47	3" npt in/out	\$2,840
56	15	280	52	3" npt or flange in/out	\$3,060
56	20	420	57	3" npt or flange in/out	\$4,520
57	20	575	43	4" flange in/3" flange out	\$4,730
56	25	425	65	3" npt or flange in/out	\$4,920
57	25	675	48	4" flange in/3" flange out	\$5,140

All pumps are 3 phase, dual voltage 208/230/460 (single phase available).

Flow and head/psi are nominal. See our website or contact us for pump curves and application assistance.

Motors are TEFC and VFD ready/compatible.

Up to 50 hp available.

Pricing is for standard cast iron / impeller. SS or bronze available.

Freight quoted on request.
