# Large Document Shredder 16.50 S

High-power, thermally protected geared electric motor (7.5 kW) and stable drive

Rugged, wear-resistant cutting rollers made from high-grade steel for optimum cutting performance

500 mm working width; suitable for all standard computer formats

#### **Space-saving solution**

- Can be installed next to a wall
- Container is removed from the operator side

#### Simple operation

- Audible "container full" signal
- Accompanying visual display for operator and cutting process is halted

#### Standard safety equipment

- Wide EMERGENCY STOP BAR on receiving table for immediate stop in an emergency
- Lockable master switch and key switch
- Safety switch to stop machine if container is not in place
- Motor protection device with thermosensor and overload relay

#### **Mobile container**

- Supplied as standard equipment
- Capacity 450 litres
- Ergonomic handle design for ease of handling
- Fold-down front panel for effortless removal of shredded material

#### **Useful add-on: Dust Extractor**

- Standard design allows for connection of a dust extractor
- Appreciable improvement in air quality and working conditions
- Space-saving, mobile positioning next to the shredder

## Heavy Duty Shredder 16.50 S

#### Designed for ease of operation

- Clearly laid out, rugged soft-touch keypad
- Audible and visual (LED) status displays
- Lockable master switch and key switch to prevent unauthorised use

#### **Trouble-free operation**

- All system functions are microprocessor-controlled
- Automatic reverse and restart in case of overload

#### Large feed table with integral conveyor belt

- Generously sized feed table for controlled, fatigue-free, safe and rapid loading
- Cutting mechanism readily accessible for maintenance

Convenient and fully-automatical workflow

Ensures a maximum of operation safety

Ensure highest user friendliness

Optimized interaction of the several drive parts

#### **Comprehensive safety features**

- Extensive safety systems provided for all functions to protect the operator and the machinery
- VDE / GS approved and certified

#### **Shipping**

- Packed in wooden crate
- Dimensions L x W x H 1,770 x 1,320 x 1,210 mm
- Transport weight 785 kg

#### Large Document Shredder 16.50 S

#### **Installation Instructions**

### intimus 16.50 S / Heavy Duty Shredder

Scale 1:40

Dimensions		mm
0	Length	1,950
2	Height	1,550
6	Inlet height or desk height	1,200
4	Width	1,200

Required	mm			
o min.	600	8 min.	600	
e min.	1,000	4 min.	100	

#### **Position of controls**

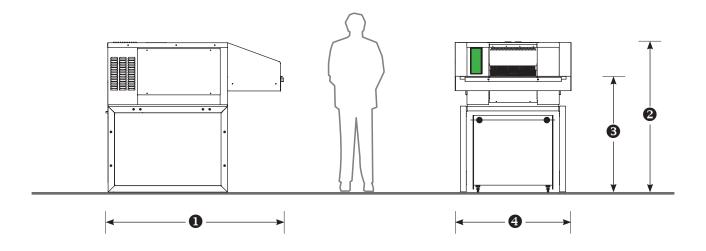

#### **Power Supply 3 Phase**

- Power lead = 3.15 m
- 400-415 V / 50 Hz supplied with Cekon CEE 32 A plug, 5-pin
- ...other voltages on request

#### **Required Fusing by customer**

- Miniature Circuit Breaker with tripping characteristic C
- or Fuse type gL / gG, coordination type 1 according to IEC / EN 60947-4-1

400-415 V / 50 Hz = 35 A slow blow 220-230 V / 50-60 Hz = 40 A slow blow 200 V / 50-60 Hz = 63 A slow blow
