

PUT THE SQUEEZE ON DOWNTIME

Rugged, direct-coupled, multiple reduction gearbox

All wetted parts are 316 stainless steel standard

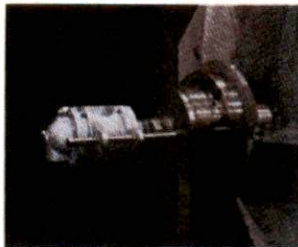

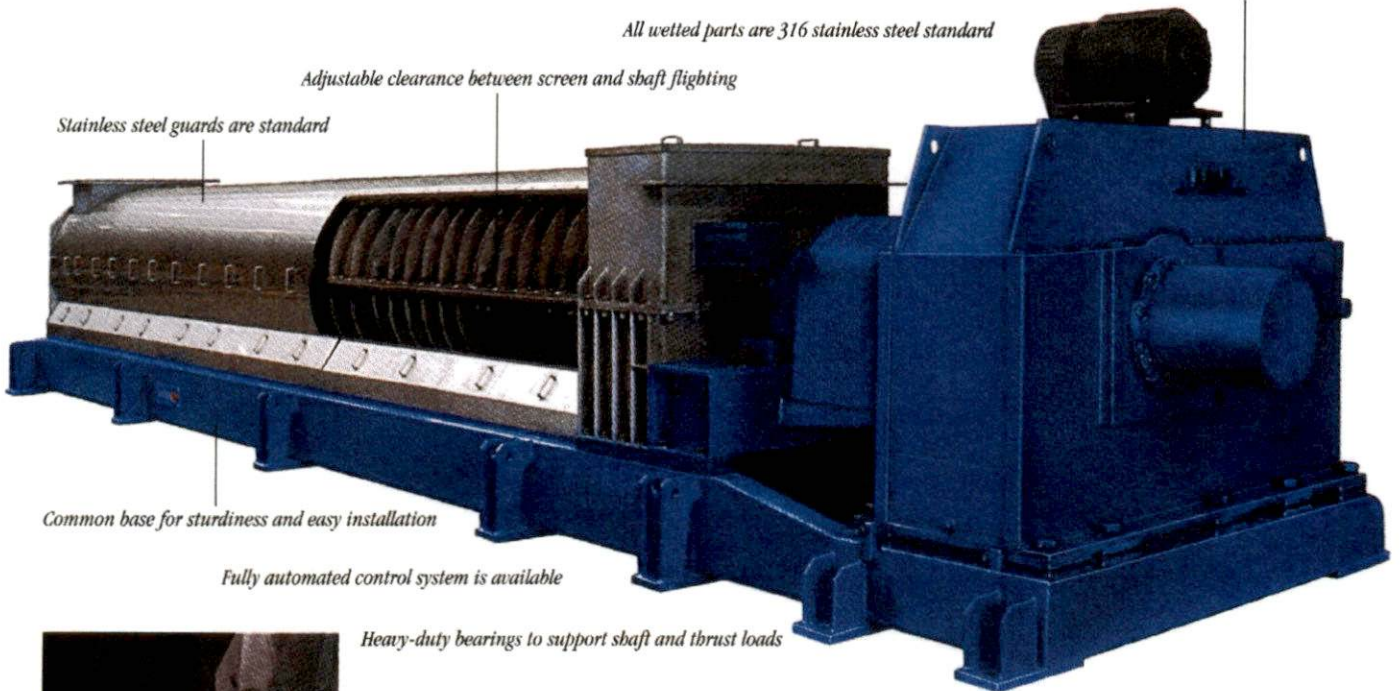

Adjustable clearance between screen and shaft flighting

Stainless steel guards are standard

Common base for sturdiness and easy installation

Fully automated control system is available

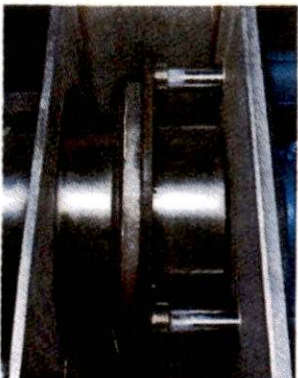

Heavy-duty bearings to support shaft and thrust loads

ASME coded shaft is standard

Replaceable wear plates on tapered stainless steel screw shaft

Air-activated choke for less maintenance, better control than spring-activated designs

From Solid U.S. Construction To Solid Value, Everything About This Andritz/Dupps Screw Press Is Made To Last

Reliability

Designed, engineered and manufactured in the U.S., this is the most rugged and durable screw press made today.

Support

This unit's rugged reliability is supported by ready-to-ship U.S.-made parts. Bearings and motors are standard—you can buy them almost anywhere. And the Andritz/Dupps screw press is backed by quick, qualified service.

Guarantee

As long as your feed composition remains constant, this unit will continue to meet your original performance specifications. Or we'll make it right.

Value

When you consider only the up front costs, competitive presses may sometimes seem

cheaper. But in the long run — in downtime savings alone— an Andritz/Dupps press will cost you much less.

Experience

The Dupps Company has been a major U.S. manufacturer of process equipment since 1935, and Andritz has been a leader in pulp and paper dewatering equipment for more than 35 years.

Thanks to this combined experience, the Andritz/Dupps screw press has become the world's number one pulp and paper screw press.

Andritz/Dupps Screw Press

Typical Sizes

| Model Number | Overall dimensions | | | Approximate Dry wt. (lbs.) |
|--------------|--------------------|--------|--------|----------------------------|
| | Length | Width | Height | |
| 2412 | 24'-6" | 7'-2" | 5'-0" | 33,900 |
| 2416 | 28'-7" | 7'-2" | 5'-0" | 35,900 |
| 2420 | 32'-8" | 7'-2" | 5'-0" | 37,800 |
| 3016 | 30'-9" | 8'-6" | 7'-2" | 44,500 |
| 3020 | 34'-9" | 8'-6" | 7'-2" | 48,200 |
| 3616 | 30'-9" | 8'-11" | 7'-9" | 53,000 |
| 3620 | 34'-10" | 8'-11" | 7'-9" | 58,500 |
| 3624 | 38'-11" | 8'-11" | 7'-9" | 63,180 |
| 4220 | 34'-11" | 8'-11" | 8'-4" | 61,200 |
| 4224 | 38'-11" | 8'-11" | 8'-4" | 65,500 |
| 4228 | 42'-11" | 8'-11" | 8'-4" | 69,600 |
| 5528 | 47'-6" | 11'-2" | 8'-9" | 88,000 |
