

Catena Series

Moderate production laminators

Designed to encapsulate and mount prints from color printers and copiers, the Catena Series provides a simple way to finish your full-color digital output. These models all feature heated rollers. The Catina 65 and 105 can also run pressure-sensitive films in addition to thermal films.

Catena 65 & 105

When productivity and profit count the most, the Catena 65 and 105 meet the requirements of your more demanding jobs. These larger units are able to handle a wider variety of applications including standard poster-sized prints.

Catena 35

This compact laminator is designed to provide safe and convenient thermal lamination in offices and small print shops.

Features and benefits

Easy to use

- LCD display indicates temperature, speed and Ready/Wait condition
- Silicone rubber rollers ensure timely clean-up
- Interlocking feed tray and magnetic safety shield provide safe operation
- For safety and savings, AUTO-OFF powers down unit after two hours of non-use
- The simple to use control panel allows the operator to make adjustments as needed for professionally laminated graphics

Versatile

- Designed for thermal (all models) and pressure-sensitive films (Catena 65 and 105)
- Roller gap adjustment handles mounting boards up to 3/16" thick
- Rewind shaft separates the pressure-sensitive release liner (Catena 65 and 105)

Quality

- Infrared heating coil distributes heat evenly and improves lamination quality
- Microprocessor controls temperature and guarantees fast response time
- Cooling fan ensures smooth, flat output
- Will not interfere with electrical surroundings; no buzzing, humming or flickering lights

Films and adhesives

For best results use high-quality GBC® films and mounting adhesives

- GBC Nap-Lam® II Thermal film
- Arctic® Pressure Sensitive film
- GBC Digital Polyester film
- Arctic Dura Mount adhesive
- Oactiva® thermal adhesive

Applications

- Placemats
- Posters
- Certificates
- POP displays

Specifications

Maximum film width:	
Catena 35	13"
Catena 65	25"
Catena 105	41"
Film gauge:	1.5 to 10 mil
Core Diameter:	
Catena 35	1" (poly-in)
Catena 65	1" & 2.25"
Catena 105	2.25" (1" core adaptor also available)
Maximum Roll OD:	5" outside diameter
Speed:	1.5 fpm - 5 fpm
Dimensions:	
Catena 35	25" W x 13" H x 18" D
Catena 65	39" W x 17" H x 18" D
Catena 105	51" W x 48" H x 21" D
Weight:	
Catena 35	55 lbs.
Catena 65	84 lbs.
Catena 105	154 lbs.
Power:	
Catena 35 & 65	120V, 60Hz, 12 amp
Catena 105	220V, 50-60Hz, 15 amp
Safety:	CE, C/UL
