

HSM Pure Document Shredders

Product Overview

HSM Pure document shredders – quality “Made in Germany”

The high quality materials and proven HSM “Made in Germany” quality guarantee you are receiving a safe and durable machine.

The cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

Trust is good, quality is better.

We deal with important company or confidential data on a daily basis. We’ve been trained to handle personal data and know how important it is to shred documents which are old or no longer required. Preferably wherever the documents are. At the workplace, in the company, in the administration department or even at home.

The HSM Pure document shredders deal with everything reliably and simply. The high quality materials and proven “Made in Germany” quality guarantee security and a long operating lifetime.

Maximum performance in operation. Energy saving in standby mode.

The HSM Pure document shredders are impressively powerful whilst operating and, thanks to the intelligent energy-saving management system, very economic in stand-by mode.

HSM Pure document shredders for the home or the small office

Unbelievably compact. Always a top performance. The HSM Pure document shredders for the home or the small office. For people who have to shred confidential documents at their desks.

Easy to operate
There is no easier way to operate a shredder: it starts automatically when the paper is fed in.

Simple emptying (HSM Pure 120 / 220)
To empty the waste container, the housing top can be easily removed – a practical, recessed grip facilitates handling.

Effortless emptying (HSM Pure 320)
The waste container can be easily removed and emptied.

Special product features for the home or the small office:

- Steel cutting rollers with lifetime warranty.
- Quiet operation minimises noise development in the workplace.
- Low power consumption in standby mode.
- Paper feed with overload protection reduces paper jams.
- The device automatically switches off if pressure is applied to the safety element.

HSM Pure document shredders for the workplace

Simple elegance. Absolute security. The HSM Pure document shredders for the workplace. For professional users who shred important business documents or personal data in the office or in small working groups.

Specially hardened solid steel cutting rollers
The specially hardened cutting rollers made from solid steel are impervious to staples and paper clips and guarantee a long service life.

Clearly arranged operator control panel
The functional and clearly arranged operator control panel shows the operating state.

Automatic start/stop
The device starts automatically when fed with paper and automatically stops after shredding is complete.

Special product features for the workplace:

- Quiet continuous operation minimises noise development in the workplace.
- Low power consumption in standby mode.
- Paper feed with overload protection reduces paper jams.
- The device automatically switches off if pressure is applied to the safety element.
- Document shredders can be moved on castors.

HSM Pure document shredders for the department

Convincingly powerful. Unbelievably economic. The HSM Pure document shredders for the department. For multiple users who process large quantities of data media with sensitive, company or confidential information frequently and regularly and need to shred the data securely and reliably in-house.

Continuous operation and low noise

Reliable operation even for continuous load. Optimum design of cutting and drive components as well as the closed gear mechanism ensure low noise.

Automatic paper jam correction (HSM Pure 730 / 830)

The machine recognises very quickly if too much paper has been fed in and reacts autonomously.

Convenient emptying

After opening the door, the reusable collecting bag can be easily removed and emptied.

Special product features for the department:

- Solid steel cutting rollers with lifetime warranty.
- Particularly high energy savings due to its standby and automatic switch-off features.
- The device automatically switches off if pressure is applied to the safety element.
- High quality wooden cabinet with door.
- Document shredders can be moved on castors.
