

S4OPTIK

The image shows a white, professional-grade instrument stand. It has a tall, slender vertical column. Attached to the column are two articulated arms. The upper arm is extended upwards and to the right, holding a horizontal probe. The lower arm is extended downwards and to the right, holding a larger, rectangular component. The stand is positioned on a light-colored surface. In the background, another similar stand is visible but out of focus. The overall design is clean and functional, typical of laboratory or clinical equipment.

INSTRUMENT STAND

Model 2000ST

stand features

Instrument Console

the console is equipped with three recharging wells and also features a raise/lower switch for chair control, rheostat for overhead light intensity control and main on/off switch.

stand features

Slit Lamp Arm

the lock/release mechanism is conveniently located under the slit lamp arm and allows height adjustment with single handed control. A 13.5" (34.3cm) range of travel from 24" (60.9cm) to 37.5" (95.3cm) from the floor and is counterbalanced to accommodate instruments up to 60lbs (27.2kg). The switch controlling the chair's height is conveniently located on the front of the arm for easy, effortless access (reversible for left handed setup).

stand features

Upper Arm (Refractor)

an ergonomically designed lever mechanism conforms to natural hand movements and engages a single lock mechanism in three dimensions (forward/backward/vertical). The arm is capable of a vertical range of 12.5" (31.75cm) and is counterbalanced to accommodate instruments up to 20lbs (9.1kg).

stand features

Halogen Overhead Light

a modern overhead light is a standard feature on the Model 1600-ST and employs a long-lasting halogen lamp, providing bright, direct light for general lighting or minor procedures. A metal lamp arm construction allows one handed movement with long lasting durability. The lamp is low voltage (12V) for safety.

console options

Extra Features

- Storage Tray
- Optional 3rd arm
- BIO Hanger
- Wheelchair kit
