

# Ultra-V™ & Ultra-VC™ Pressure Screen

## General Information

EXAMPLE SHOWN  
IS FOR AN  
ULTRA-V 400

### *Low Pulse Rotor*

### *Low Pulse Rotor Foils*

Ultra V Models	Rows	Number of Foils in each Row	Total Number of Foils
400	2	4	8
500	2	6	12
600	2	8	16
700	2	8	16
800	2	10	20
900	2	10	20

The Low Pulse Rotor is a newly designed profile with high strength struts and features an adjustable/replaceable foil blade for optimum performance and low cost maintenance. Additionally, the multi-foil design minimizes pressure pulses to the paper machine head box.
