Sistemi per la fabbricazione di
libri fotografici e scatole di lusso

**Simplicity
into innovation**

Photo book systems and
luxury packaging boxes

Company SAMED INNOVAZIONI is a family company and we are into the bookbinding and paper converting sector from more than 15 years. Into our Head office in Prato (PO) – close to Florence – ITALY, we project, upgrade, set up and test all our equipments, on our own drawings and Patent. The innovation of Company SAMED is into continuous Development, to satisfy our Customers' inquiries and, thanks to our flexible and exclusive systems into the sector, we are able to run particular luxury packaging boxes giving a great result to the product.

Photos give an idea of some particular sizes and, as per customer's fantasy joined to our systems, We can run the production as in automatic as in semi-automatic cycle, keeping the simplicity and Compactness that is our mark of distinction into the market.

Innovation is also the possibility to invest into a sole equipment that could run as Traditional book covers and photo-books as boxes, both with special sizes (for example "S" curved sides or "Windowed" particulars) our equipments only can run easily without any tool or substitution of mechanical part.

We take part to the most important Exhibitions into our sector, like:

**Simplicity
into innovation**

Pendix

Accoppiatrice automatica x risguardo

Formato minimo (copertina aperta)	150 mm x 200 mm	
Formato massimo (copertina aperta)	700 mm x 1100 mm	
Spessore copertina	Min: 1 mm	Max: 4 mm
Tipi di materiali lavorabili	Textile, carta laminata, carta fotografica, pelle, PVC polyuretano.	
Spessore materiali di rivestimento	da 80 a 400 g/m ²	
Capacità vasca colla	10 kg Solo colla vinilica	
Produzione	Fino a 20 cicli/minuto	
Ingombro esterno x export	220 x 250 x 175 cm (Lungh/Largh/Alt)	
Pese netto macchina	Kg 1200	
Peso lordo macchina	Kg 1400	
Alimentazione elettrica	400 Volts 3 fasi 50/60 Hz	
Assorbimento	4.5 Kw	
Aria compressa	6 Bar 300 L/h	

DA NOTARE:

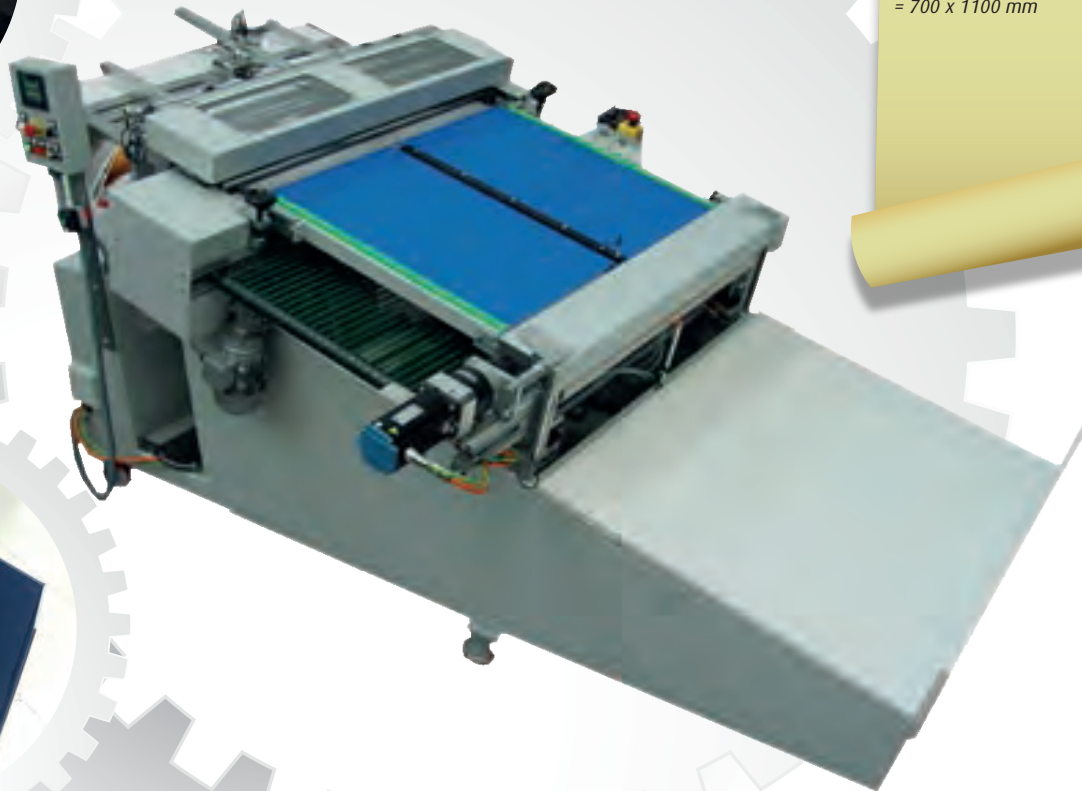

La macchina può lavorare in linea con copertinatrici
Anche non di produzione SAMED Innovazioni

Fully Automatic lining machine

Minimum size	150 mm x 200 mm	
Maximum size	700 mm x 1100 mm	
Cover thickness	Min: 1 mm	Max: 4 mm
Cover material types	Textile, laminated paper, photo paper, imitationleather, PVC polyurethane	
Cover material thickness	From 80 to 400 g/m ²	
Glue tank capacity	10 kg - Cold glue only	
Mechanical Speed	Up to 20 cycles/minute	
Overall dimensions (x export)	220 x 250 x 175 cm (Lenght/Width/Height)	
Machine Net weight	Kg 1200	
Machine Gross weight	Kg 1400	
Electrical Power	400 Volts 3 Phases 50/60 Hz	
Power	4.5 Kw	
Compressed Air	6 Bar 300 L/h	

TO NOTE:

The machine can work in line with machinery different from SAMED range.
