by **REBORD®** machinery

**Semplicità
nell'innovazione**

Sistemi per la fabbricazione di
libri fotografici e scatole di lusso

**Simplicity
into innovation**

Photo book systems and
luxury packaging boxes

Company SAMED INNOVAZIONI is a family company and we are into the bookbinding and paper converting sector from more than 15 years. Into our Head office in Prato (PO) – close to Florence – ITALY, we project, upgrade, set up and test all our equipments, on our own drawings and Patent. The innovation of Company SAMED is into continuous Development, to satisfy our Customers' inquiries and, thanks to our flexible and exclusive systems into the sector, we are able to run particular luxury packaging boxes giving a great result to the product.

Photos give an idea of some particular sizes and, as per customer's fantasy joined to our systems, We can run the production as in automatic as in semi-automatic cycle, keeping the simplicity and Compactness that is our mark of distinction into the market.

Innovation is also the possibility to invest into a sole equipment that could run as Traditional book covers and photo-books as boxes, both with special sizes (for example "S" curved sides or "Windowed" particulars) our equipments only can run easily without any tool or substitution of mechanical part.

We take part to the most important Exhibitions into our sector, like:

**Simplicity
into innovation**

DRUPA	<i>Germany</i>
Graphispag	<i>Spain</i>
Photokina	<i>Germany</i>
IPEX	<i>UK</i>
Pack Print	<i>Bangkok</i>
IPMEX	<i>Malaysia</i>
Expoprint	<i>São Paulo, Brazil</i>
Polygraphinter	<i>Russia</i>
Printing Expo	<i>Shanghai, China</i>
Print 2013	<i>Chicago, USA</i>
Printing South China	<i>Guangzhou, China</i>
etc.	

With our own booths or by our Agents' booth. Our equipments are well known everywhere and are present into all Countries of the World.

Trilogy

Kit completo per la piccola legatoria

Copertinatrice DARIX	vedere scheda tecnica
Incassatrice KOSTANZA	vedere scheda tecnica
Pressa BORDINO	vedere scheda tecnica

Darix

Complete kit for small bindery

Case maker machine mod. DARIX	see the technical sheet
Casing in machine mod. KOSTANZA	see the technical sheet
Press & jointing mod. BORDINO	see the technical sheet

Kostanza

Bordino

Kostanza

Incassatrice semi-automatica

Formato minimo del blocco libro	100 x 80 mm
Formato Massimo del blocco libro	480 x 450 mm
Spessore minimo del blocco libro	5 mm (standard) 2 mm (se richiesto)
Spessore massimo blocco libro	100 mm
Produzione	200 blocchi / H
Regolazione colla sul rullo	meccanica
Cambio formato	Circa 2 minuti
Ingombro macchina (x export)	150 x 110 x 160 cm (Lungh/Largh/Alt)
Peso netto macchina	Kg 450
Peso lordo macchina	Kg 550
Tempo x pulizia rulli:	Circa 5 minuti (con uso di vassoi aggiuntivi Forniti standard con la macchina)
Dispositivo x avere più film colla sulla testa del blocco libro	Montato standard sulla macchina
Alimentazione elettrica	400 Volts 3 fasi 50/60 Hz
Assorbimento	2 Kw
Aria compressa	6 Bar 70 NL/H ***

***DA NOTARE

I macchinari KOSTANZA e BORDINO possono essere venduti insieme o separatamente.

Nel caso in cui siano venduti insieme, il settaggio complessivo per l'aria compressa è fatto sulla macchina KOSTANZA ed il consumo totale per le due macchine sarà 100NL/H 6 Bar -Assorbimento = 2.5 Kw.

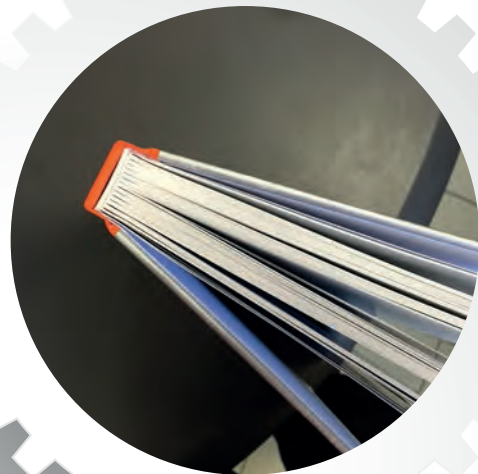

Il pannello di controllo per entrambe le macchine sarà montato sulla macchina KOSTANZA. Nel caso in cui, i macchinari siano venduti separatamente, ogni macchinario avrà un proprio pannello di controllo ed una alimentazione aria compressa indipendente.

Semi automatic casing in machine

Minimum size of the block	100 x 80 mm
Maximum size of the block	480 x 450 mm
Minimum Block thickness	5 mm (standard) 2 mm (if required)
Maximum Block thickness	100 mm
Productivity	200 books / hour
Glue adjustments on the roller	mechanical
Change over time	About 2 minutes
Machine dimensions x export	150 x 110 x 160 cm (Lenght/Width/Height)
Machine NET weight	Kg 450
Machine Gross Weight	Kg 550
Cleaning Time:	About 5 minutes by additional trails standard with the machinery)
Gluing device to get more glue film on book's head	Standard on the machine
Electric power	400V 3 Phases 50/60 Hz
Power	2 Kw
Compressed air	6 Bar 70 NL/H ***

***TO NOTE

KOSTANZA and BORDINO machinery can be sold together or separated. If the are sold together, the setting up for compressed air is done on kostanza unit and the total air consumption will be 100nl/h 6 bar -power 2.5 Kw. Both machinery will have 1 sole operator control pannel on kostanza unit. In case they are sold separately, each machinery will have its single air consumption as specified in the list and its own operator control pannel.

Bordino

Pressa e forma canaletto semi automatica

Formato minimo del blocco libro	100 x 80 mm
Formato Massimo del libro	480 x 450 mm
Spessore minimo del blocco libro	5 mm
Spessore massimo del blocco libro	100mm
Carico massimo	Kg 4000
Produzione	200 Libri / h
Controllo riscaldamento delle lame dei canaletti	La temperature ed il tempo di pressatura possono essere impostati dall'operatore
Cambio formato	circa 30 secondi
Ingombro macchina (x export)	150 x 100 x 120 cm (Lungh/Largh/Alt)
Peso netto macchina	Kg 350
Peso lordo macchina	Kg 450
Alimentazione elettrica	400 Volts 3 Phases 50/60 Hz
Assorbimento	500 W
Aria compressa	6 Bar 30 NL/H ***

***DA NOTARE
