Model: MIX500

Vertical mixing tank

Total volume: 600 lt

Max working volume: 500 lt

Material of contact parts: Stainless steel AISI304

2 Hinged cover with safety grid underneath

30° conical bottom head and stainless steel DN40 ball valve

Helical worm drive, with 1,5 Kw motor

Agitator: N°1 three-blade turbines, diam 300 mm

Agitator speed: 192 rpm

Shaft seal: MIM type

Support structure: Zinc plated steel structure, liftable by forklift

Empty weight: 170Kg

Weight full of water: 670Kg
