

COPRINOX

Jacketed Mixing tank model SMJ10.000

Total volume: 10.600 lt

Working volume: 5.000 - 5.400 lt

Material of contact parts: SS304L

Jacket material: SS304L

Design pressure (internal): Atmospheric

Design pressure (jacket): 0,5 bar (liquid circulation only)

Design temperature: -10+150°C

Agitator: N°4 dual blade propellers

Agitator max speed: 45 rpm

Agitator's motor power: 4 Kw

Shaft seal: Viton MIM
