### 1. APPLICABILITY

This Addendum applies to all shipments that are oversize, overweight, over-height, wide loads, heavy haul, specialized equipment, or require permits or escorts.

### 2. PERMIT RESPONSIBILITY

Carrier is solely responsible for obtaining and complying with all required federal, state, and local permits, routing requirements, escort requirements, curfews, bridge restrictions, and regulatory limitations.

### 3. DIMENSION VERIFICATION

Carrier acknowledges it has independently verified load dimensions and weight prior to transport. Carrier assumes responsibility for re-measurement and compliance before movement.

### 4. SECUREMENT REQUIREMENTS

Carrier shall properly secure all equipment using chains, binders, blocking, bracing, tarping (if required), and all securement devices compliant with 49 CFR Part 393. Carrier assumes full liability for load shifts or securement failures.

### 5. EQUIPMENT SUITABILITY

Carrier warrants that its trailer type, axle configuration, and capacity are appropriate for the shipment. Carrier assumes all responsibility for improper equipment selection.

### 6. ESCORTS & ROUTING

Carrier shall arrange required pilot cars, escorts, police escorts, and route surveys. Broker shall not be liable for routing violations or escort deficiencies.

### 7. DELAYS & ACCESSORIALS

Carrier acknowledges that oversize loads may incur delays. Any additional charges must be pre-approved in writing. Unauthorized charges will not be paid.

### 8. DAMAGE & FINES

Carrier shall indemnify and hold Broker harmless from fines, penalties, road damage claims, bridge strikes, utility strikes, property damage, or third-party claims arising from oversize transport.

### 9. MECHANICAL CONDITION

Carrier is responsible for ensuring that equipment being transported is properly loaded, balanced, and safe for transit. Carrier shall document pre-transport condition.

**10. SURVIVAL**

All indemnification and liability provisions survive completion of transport.
