

IDEAL 4107

High-capacity shredders with large feeding table and conveyor belt

With high shred speed for efficient shredding. Easy-to-use control panel with push buttons for forward/stop/reverse. Safety lock and key, main switch and emergency cut-off switch. Automatic cut-off in case of a paper jam. Optical indicators for the operational status of the shredder. Robust shredding heads with special hardened cutting shafts made of high-quality steel, resistant against soft metal objects. Centralised oiler for effective and convenient lubrication of the shredding head. Powerful three phase motors (4.0 kW for model 4107, 3.0 kW for model 4107 CC). Thermal motor protection. Large shred compartment with door on the rear side of the machine. Plastic bag suspension with pull-out mechanism on wheels for easy removal of the full bag. High volume bag of 300 litres for the shredded material. Automatic cut-off when shred bag is full or the door is open. Mobile on castors. Convenient transportation width of 690 mm (without side tables). Two years guarantee on the cutting tools, one year on all other parts. Power connection (other voltages available): 400 V / 50 Hz / 3~ (three phase). Dimensions (H x W x D): 1440 x 1240 x 1700 mm, Weight: 350 kg.

SHREDDER TYPES

6 mm strip cut

Sheet capacity*: 90-110 / 75-95

Security level 2

6 x 50 mm cross cut

Sheet capacity*: 80-90 / 68-78

Security level 3

* A4 paper, 70 g/m² / 80 g/m²

IDEAL 4107

Features

CONTROL PANEL Ergonomically placed control panel with push buttons for forward / stop / reverse and optical indicators for the operational status of the shredder.

PULL-OUT BAG SUSPENSION Pull-out mechanism on wheels for easy removal of the full shred bag (300 litres volume) at the rear of the machine.

EASY LUBRICATION A centralised oiler for easy lubrication of the cutting head is standard equipment on this high-capacity shredder.
