Acuity Advance Select HS

The Acuity Advance Select HS flatbed inkjet printer from Fujifilm delivers all of the market leading image quality, performance and reliability benefits of the Acuity series. The Acuity Select HS has up to 6 channels offering extended color, white and clear ink options. These options further enhance productivity and add versatility for an even greater range of applications.

Acuity Advance Select HS Features

- Controlled print-bed vacuum strength through additional zoning capability
- In line double strike white capability
- In line clear ink option
- New job handling capability and throughput
- Improved image quality uniformity through print-bed mapping
