- **Designed for non-flammable solvents**
 - Spring-mounted shatter-proof glass panel offers additional safety
 - RS-422 interface allows communication with data control systems

Electronically controlled APT.line™ preheating chamber offers safe and homogenous temperature distribution. Adjustable aluminum expansion shelves ensure optimal heat transfer within oven chamber. Perform a variety of heating and drying applications — ovens feature an individually programmable microprocessor controller with two programs with 10 sections each or alternatively one program with 20 sections. Convenient, integrated week program timer with real time function and digital temperature setting with one degree accuracy expand programming options.

What's Included:

two aluminum shelves and 4-ft power cord with plug.

YEAR
Warranty

Specifications

Product Type	Vacuum Oven
Capacity (Liters)	113.24
Capacity (cu ft)	4
Chamber size (" W)	20
Chamber size (" H)	20
Chamber size (" D)	17.75
Minimum temperature (° C)	Ambient + 15
Maximum temperature (° C)	200
Minimum temperature (° F)	59
Maximum temperature (° F)	392
Temp uniformity	±8°C
Control type	Microprocessor

Rise time	150 mins
Display	5-digit LEDs, 1 LCD
Power (VAC)	230
Power (Hz)	50/60
No. of shelf positions	6
No. of shelves	2 included
CE Compliance	Yes
Brand	Binder
Construction	Stainless steel interior
Overall dimensions	29" x 35-1/2" x 26-1/2"
Timer	1 minute to 99 hours, 59 minutes
Model	9030-0031
Manufacturer number	9030-0031
Shpg wt (lbs)	331
Qty/ea	1
