COVID-19 pandemic, impacts to delivery and serviceability due to force majeure:

The current situation, which affects many countries and regions around the world, also challenges Finetech GmbH & Co. KG. In spite of higher efforts and foresighted actions, we and our partners / suppliers are not always able to meet the usual and promised delivery times for equipment, tools and materials. Service operations, installations and trainings may be carried out by remote support or must be postponed, especially due to local restrictions and rules in and for pandemic risk areas. We kindly ask for your understanding during this difficult time. We will contact you in any case, should delays or restrictions be foreseeable.
