

Intelligent Measuring Technology
when Color Quality counts

Spectro (LFP_{qb})

The new spectrophotometer
platform build for flexibility!

- 💡 **M1** measurement condition
(reflection and transmission)
- 💡 Sensing unit for **quick auto-positioning** and prevention of handling mistakes
- 💡 Detachable spectral unit for **spot color measurements**
- 💡 Measurement of **fluorescent inks**
- 💡 Measures **every substrate** used in professional digital printing, fast and accurate.
