1.5 MW 2022 New Caterpillar CG170-16 Natural Gas Generator Sets

1.5 MW 2022 New Caterpillar CG170-16 Natural Gas Generator Sets

Description

This is a new natural gas generator set rated at 1.5 MW, designed for continuous or prime power applications with high efficiency and low emissions. It is well-suited for industrial facilities, commercial complexes, and power plants requiring reliable, economical energy from pipeline-quality natural gas or biogas. The generator features advanced engine controls, optimized combustion technology, and a robust design for long service life. The complete package includes the gas engine, generator, cooling system, control panel, and essential auxiliaries for plug-and-play installation.

KEY FEATURES:

- **Rated output:** 1.5 MW continuous power
- **Emissions compliance:** Low NOx levels, meeting current environmental standards
- **Generator:** High-voltage or low-voltage configurations available

ADVANTAGES:

- **High efficiency:** Delivers excellent electrical efficiency for lower fuel consumption and reduced operating costs
- **Flexible applications:** Suitable for industrial, commercial, and utility installations

Manufacturer	Caterpillar
Model	CG170-16
Year	2022
Condition	New
Location	Europe
Qty Available	2 Units
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010819
Wattage	1.5 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
