Harnessing Energy for Life

1.2 MW 2012 New MWM TCG2020-V12 Natural Gas Generator Set (BioGas)

1.2 MW 2012 New MWM TCG2020-V12 Natural Gas Generator Set (BioGas)

Description

This Generator Set is a high-efficiency, lean-burn engine designed for continuous power generation. Fueled by natural gas and suitable for various applications, including industrial, commercial, and utility sectors. The generator features a turbocharged and aftercooled system, enhancing its performance and reliability. With its compact footprint, the TCG2020-V12 enables flexible installation in space-constrained environments. Additionally, the unit's low emissions make it compliant with environmental standards, supporting sustainable energy solutions.

KEY FEATURES:

- **Design** – Compact footprint for space-limited installations
- **Operation Type** - Designed for continuous-duty power generation
- **Engine Type** - High-efficiency, lean-burn engine

ADVANTAGES

- **Reliable Performance**
- **Fuel Efficiency** - Lean-burn technology supports cost-effective operation
- **Versatile Applications** - Suitable for industrial, commercial, and utility use

Manufacturer	MWM
Model	TCG2020-V12
Year	2012
Condition	New
Location	China
Qty Available	1 Units
Category	Natural Gas Generators
Subcategory	1 - 9 MW
Stock Number	USP010721
Wattage	1.2 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	400
Balance of Plant Available? (BOP)	• Radiator • Control Panels
