2 MW 2024 New Caterpillar 3516B-HD Diesel Generator Set

2 MW 2024 New Caterpillar 3516B-HD Diesel Generator Set

Description

This 2 MW 2024 new diesel generator set is designed for reliable continuous or standby power generation in industrial, commercial, and utility applications. It features a high-performance 16-cylinder, four-stroke, turbocharged diesel engine coupled with a brushless alternator for stable voltage and frequency control. Built for durability and efficiency, the unit offers dependable operation under varying load conditions and is suited for both prime and emergency power supply.

KEY FEATURES:

- Rated electrical output: 2 MW
- Heavy-duty 16-cylinder diesel engine with turbocharging and aftercooling
- Low-emission, fuel-efficient design compliant with modern standards

ADVANTAGES

- High reliability and long service life for continuous-duty applications
- Suitable for integration into plant, grid, or independent power systems
- Robust mechanical design ideal for harsh operating environments

Manufacturer	Caterpillar
Model	3516B-HD
Year	2024
Condition	New
Location	Europe
Qty Available	1 Unit
Category	Diesel Generators
Subcategory	1 – 9 MW
Stock Number	USP010911
Wattage	2 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Diesel
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
