1 MW 2022 Used Kohler KD1000 Diesel Generator Set

1 MW 2022 Used Kohler KD1000 Diesel Generator Set

Description

This high-performance diesel generator set offers reliable power generation for industrial and commercial applications. Built with Kohler’s advanced KD Series engine technology, the unit delivers consistent performance, fuel efficiency, and long service life. Designed for dependable standby or continuous operation, it is well-suited for facilities requiring stable and efficient on-site power. The generator features rugged construction, intelligent controls, and low maintenance requirements, ensuring operational reliability even in demanding environments. Its robust design and proven performance make it ideal for data centers, hospitals, manufacturing plants, and utility backup systems.

KEY FEATURES:

- Rated Power Output: 1 MW (1000 kW)
- Emission Compliance: Meets contemporary emission standards
- Configuration: Open-type or available with acoustic/weatherproof enclosure

ADVANTAGES

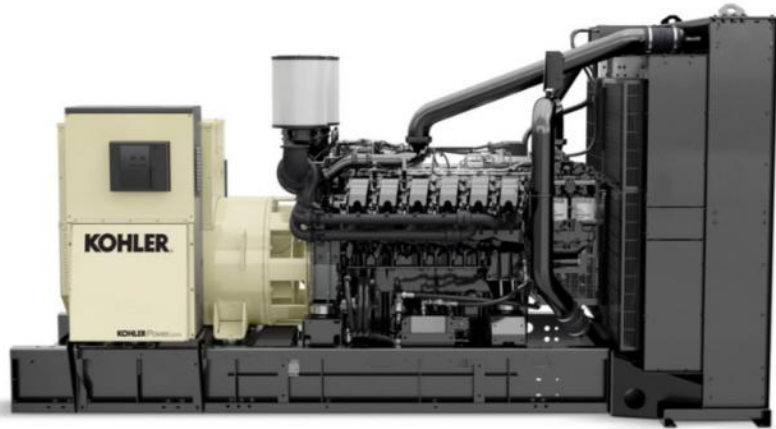

- High fuel efficiency and low operating costs
- Robust design suitable for demanding industrial environments
- Easy integration with automatic transfer and synchronization systems

Manufacturer	Kohler
Model	KD1000
Year	2022
Condition	Used
Location	North America
Qty Available	1 Unit
Category	Diesel Generators
Subcategory	1 - 9 MW
Stock Number	USP010751
Wattage	1 MW
Hours	1
Frequency	60 Hz
Fuel Type	Diesel
Voltage	480 Volts
Balance of Plant Available? (BOP)	-
