

# SPECIFICATIONS

## 1.2 MW 2006 Used Caterpillar 3512-HD Diesel Generator Set

# 1.2 MW 2006 Used Caterpillar 3512-HD Diesel Generator Set

## Description

This diesel generator set, built in 2006, provides dependable medium-speed power generation for both prime and standby applications. The unit is engineered for heavy-duty performance, high fuel efficiency, and long operating life. It comes equipped with a weatherproof sound-attenuated enclosure for outdoor installation, a control panel for monitoring and operation, and a complete radiator cooling system designed for optimal thermal management in continuous-duty service.

### KEY FEATURES:

- Rated capacity: 1.2 MW (1200 kW) continuous output
- Maintained used condition, ready for inspection and operation
- Factory-fitted radiator and cooling system for efficient heat dissipation

### ADVANTAGES

- Reduced operating costs through efficient fuel consumption and long service life
- Complete enclosed package ensures noise reduction and weather protection
- Easy operation with integrated controls and comprehensive monitoring
