## 1.4 MW New Cummins KTA50G8 Diesel Generator Sets

# 1.4 MW New Cummins KTA50G8 Diesel Generator Sets

## Description

These diesel generator sets are heavy-duty, high-performance power generation units designed for reliable operation in industrial, commercial, and utility environments. They deliver consistent electrical output with excellent fuel efficiency and robust durability. Suitable for continuous, prime, or standby applications, they are built with advanced control systems for precise monitoring and operational efficiency. The units meet modern performance and emission standards, making them an ideal choice for demanding power requirements where reliability and long service life are essential.

**KEY FEATURES:**

- 1.4 MW electrical output capacity per set
- Suitable for continuous, prime, or standby operation
- Complies with modern performance and emission standards

**ADVANTAGES:**

- High power output in a compact footprint
- Flexible application across multiple sectors
- Minimal maintenance requirements for lower downtime

Manufacturer	Cummins
Model	KTA50G8
Year	
Condition	New
Location	Asia
Qty Available	22 Units
Category	Diesel Generators
Subcategory	1 – 9 MW
Stock Number	USP010160
Wattage	1.4 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Diesel
Voltage	220/380 Volts
Balance of Plant Available? (BOP)	-
