2 MW 2013 Used Jenbacher J420- GSA05 Natural Gas Generator Set

2 MW 2013 Used Jenbacher J420-GSA05 Natural Gas Generator Set

Description

This generator set is designed for reliable and efficient power generation in industrial, commercial, and utility applications. The J420-GSA05 engine platform is well-proven for continuous duty operation and offers high fuel efficiency while operating on natural gas.

The unit features advanced combustion technology to ensure low emissions, integrated digital controls for precise monitoring, and a robust design for long-term reliability. It is suitable for both standalone power generation and combined heat and power (CHP) applications, allowing effective utilization of waste heat. Its modular design facilitates straightforward installation and integration into existing facilities.

KEY FEATURES:

- Rated output: 2 MW
- Continuous duty operation
- Low-emission combustion system
- Suitable for combined heat and power (CHP) configurations

ADVANTAGES

- Reduced environmental impact with low emissions
- Flexible and modular installation options
- Excellent fuel efficiency and cost-effective performance

Manufacturer	Jenbacher
Model	J420-GSA05
Year	2013
Condition	Used
Location	Asia
Qty Available	1 Unit
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010817
Wattage	2 MW
Hours	10000
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	11000 Volts
Balance of Plant Available? (BOP)	-
