30 MW 2006 Used Caterpillar MAK-16CM32C Diesel Generator Sets

30 MW 2006 Used Caterpillar MAK-16CM32C Diesel Generator Sets

Description

This 30 MW power package includes used 2006 Caterpillar MAK 16CM32C diesel generator sets engineered for reliable, continuous-duty performance in industrial, marine, and remote power plant operations. Each generator is driven by a rugged 16-cylinder medium-speed engine capable of operating on heavy fuel oil (HFO) or marine diesel, offering high thermal efficiency and extended operational life. Designed for base-load and island-mode use, these sets are offered with a full suite of auxiliaries and control systems, making them suitable for integration into complete power plant configurations.

KEY FEATURES:

- **Emissions Compliance:** IMO Tier II compliant
- **Turbocharging:** Single-stage, high-efficiency turbocharger
- **Engine Type:** 16-cylinder, inline configuration, medium-speed, 4-stroke

ADVANTAGES:

- **Fuel Flexibility:** Operates efficiently on low-cost heavy fuel oil, reducing operational expenses
- **Modular Setup:** Suited for scalable multi-unit power plant configurations

Manufacturer	Caterpillar
Model	MAK-16CM32C
Year	2006
Condition	Used
Location	Asia
Qty Available	4 Units
Category	Diesel Generators
Subcategory	10 – 99 MW
Stock Number	USP010589
Wattage	30 MW
Hours	35000
Frequency	50 Hz
Fuel Type	Diesel
Voltage	11000
Balance of Plant Available? (BOP)	-
