

# SPECIFICATIONS

## 1.5 MW 2019 Used Jenbacher J 420 GS Natural Gas Generator Set

# 1.5 MW 2019 Used Jenbacher J 420 GS Natural Gas Generator Set

## Description

This generator set provides reliable and efficient power generation for industrial, commercial, and utility applications. The unit delivers stable performance and high fuel efficiency while operating on natural gas.

The generator set is designed for continuous duty operation and can be configured for combined heat and power (CHP) applications, enabling effective utilization of waste heat. Advanced digital controls, robust engine construction, and low-emission combustion technology ensure dependable operation with minimal environmental impact. Its modular design allows easy integration into existing power systems, making it a versatile and cost-effective solution.

### KEY FEATURES:

- Rated output: 1.5 MW
- Continuous duty design
- Low-emission combustion technology
- Suitable for CHP applications

### ADVANTAGES

- High reliability and availability for continuous operation
- Reduced environmental footprint with low emissions
- Flexible installation options due to modular design

Manufacturer	Jenbacher
Model	J420
Year	2019
Condition	Used
Location	Asia
Qty Available	1 Unit
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP010382
Wattage	1.5 MW
Hours	3800
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	415 Volts
Balance of Plant Available? (BOP)	-
