

# SPECIFICATIONS

## 4.5 MW 2012 Used MAN 9L32/40 Heavy Fuel Oil Deisel Generator Set

# 4.5 MW 2012 Used MAN 9L32/40 Heavy Fuel Oil Deisel Generator Set

## Description

This generator set, manufactured in 2012, is a robust medium-speed diesel power unit designed for continuous and base-load power generation. Operating on heavy fuel oil, it delivers reliable performance and fuel efficiency in demanding industrial or marine applications. The MAN 32/40 series is renowned for its durable construction, low maintenance requirements, and proven long-term operating stability. This unit offers a dependable solution for facilities requiring consistent power output and high operational uptime.

### KEY FEATURES:

- Rated electrical output of approximately 4.5 MW at 50 Hz
- Heavy fuel oil operation with optimized combustion and efficiency
- Compatible for parallel operation with additional generator sets

### ADVANTAGES

- Suitable for industrial plants, utility generation, and marine applications
- High thermal efficiency and low specific fuel consumption
- Cost-effective power production using heavy fuel oil

|---------------|---------------------|
| Manufacturer  | MAN                 |
| Model         | 9L32/40             |
| Year          | 2012                |
| Condition     | Used                |
| Location      | Asia                |
| Qty Available | 4 Units             |
| Category      | HFO Generators      |
| Subcategory   | 1 – 9 MW            |
| Stock Number  | USP010896           |
| Wattage       | 4.5 MW              |
| Hours         | 12000 – 16000 hours |
| Frequency     | 50 Hz               |
| Fuel Type     | Heavy Fuel Oil      |
| Voltage       | 11000 Volts         |
