1.5 MW 2014 New MWM TCG 2020-V16 K Natural Gas Generator Sets

1.5 MW 2014 New MWM TCG 2020-V16 K Natural Gas Generator Sets

Description

This Generator Set is a high-efficiency, lean-burn engine designed for continuous power generation. It's fueled by natural gas and is suitable for various applications, including industrial, commercial, and utility sectors. The generator features a turbocharged and aftercooled system, enhancing its performance and reliability. With its compact footprint, the TCG 2020-V16 K enables flexible installation in space-constrained environments. Additionally, the unit's low emissions make it compliant with environmental standards, supporting sustainable energy solutions.

KEY FEATURES:

- **Design** – Compact footprint for space-limited installations

ADVANTAGES

- **Reliable Performance**
- **Installation Flexibility** – Compact design allows deployment in space-constrained environments
- **Versatile Application** – Suitable for industrial, commercial, and utility sector needs

|-----------------------------------|------------------------|
| Manufacturer | MWM |
| Model | TCG 2020-416 |
| Year | 2014 |
| Condition | New |
| Location | Eastern Asia |
| Qty Available | 2 Units |
| Category | Natural Gas Generators |
| Subcategory | 1 - 9 MW |
| Stock Number | USP010692 |
| Wattage | 1.5 MW |
| Hours | Zero |
| Frequency | 50 Hz |
| Fuel Type | Natural Gas |
| Voltage | 400 |
| Balance of Plant Available? (BOP) | - |
