6.3 MW 2011 Used Solar Taurus T65 Natural Gas Generator Set

6.3 MW 2011 Used Solar Taurus T65 Natural Gas Generator Set

Description

This natural gas generator set is a high-performance turbine-based unit designed for industrial and utility-scale power generation. Built for continuous and peak-load operation, it delivers stable, reliable electrical output while maintaining high efficiency and low emissions. Its robust design and proven turbine technology make it suitable for combined-cycle, cogeneration, or standalone power plant applications.

The Taurus T65 features a single-shaft, heavy-duty gas turbine coupled with a high-efficiency alternator, providing fast-start capabilities and excellent load-following performance. Integrated control systems allow precise monitoring and protection, ensuring safe and reliable operation in demanding environments.

KEY FEATURES:

- Rated output: 6.3 MW
- Optimized for natural gas fuel with low emissions
- Suitable for continuous, peak-load, and combined-cycle applications

ADVANTAGES

- Robust design ensures long-term operational reliability
- Low emissions and environmentally compliant operation
- Reliable and efficient power generation for industrial and utility applications

Manufacturer	Solar Taurus
Model	T65
Year	2011
Condition	Used
Location	Asia
Qty Available	1 Unit
Category	Natural Gas Generators
Subcategory	1 – 9 MW
Stock Number	USP0101621
Wattage	6.3 MW
Hours	2000
Frequency	50 Hz
Fuel Type	Natural Gas
Voltage	6300 Volts
Balance of Plant Available? (BOP)	The state of the s

treme ownership
