1 MW 2023 New Cummins KTA50G3 Diesel Generator Sets (Containerized)

1 MW 2023 New Cummins KTA50G3 Diesel Generator Sets (Containerized)

Description

This diesel generator set is built for reliable industrial and commercial power generation. Housed in a containerized package, it is ideal for easy transport, installation, and operation in a variety of locations. The KTA50G3 engine is known for its durability, high efficiency, and long service life, making it suitable for prime or standby duty. The unit comes with a modern control system, robust cooling, and a layout designed for ease of maintenance.

KEY FEATURES:

- Rated output: approximately 1 MW at 50 Hz
- Containerized package for simplified transport, installation, and operation
- Compact design with easy access for maintenance and servicing

ADVANTAGES

- Suitable for prime, standby, or continuous duty applications
- Quick deployment due to containerized, pre-assembled design
- Flexible solution for industrial, commercial, or remote power generation needs
