1.2 MW 2022 New Mitsubishi S12H-PTA Diesel Generator Set

1.2 MW 2022 New Mitsubishi S12H-PTA Diesel Generator Set

Description

This diesel generator set is a high-quality power generation solution rated at 1.2 MW, designed for prime or standby duty. Built around Mitsubishi’s reliable S12H series 12-cylinder, turbocharged, aftercooled diesel engine, it delivers dependable performance, high efficiency, and long service life. Suitable for industrial facilities, commercial complexes, mining operations, and utility backup, this generator set provides stable power output even under challenging conditions. Delivered as a complete package, it includes the engine, brushless alternator, heavy-duty cooling system, advanced control panel, and all necessary auxiliaries for fast and efficient installation

KEY FEATURES:

- **Rated output:** 1.2 MW prime/continuous power
- **Emissions compliance:** Meets applicable emissions standards depending on configuration
- **Durable build:** Designed for continuous-duty operation in demanding environments

ADVANTAGES :

- **Fuel-efficient design:** Low specific fuel consumption reduces lifetime operating expenses
- **Versatile use:** Suitable for continuous duty, prime power, or emergency standby applications
- **Compact power:** High power output from a space-saving design

|-----------------------------------|-------------------|
| Manufacturer | Mitsubishi |
| Model | S12H-PTA |
| Year | 2022 |
| Condition | New |
| Location | Asia |
| Qty Available | 2 Units |
| Category | Diesel Generators |
| Subcategory | 1 – 9 MW |
| Stock Number | USP010823 |
| Wattage | 1.2 MW |
| Hours | Zero |
| Frequency | 50 Hz |
| Fuel Type | Diesel |
| Voltage | 380 Volts |
| Balance of Plant Available? (BOP) | - |
