2.4 MW 2020 New Caterpillar C175-16 Diesel Generator Sets (Containerised)

2.4 MW 2020 New Caterpillar C175-16 Diesel Generator Sets (Containerised)

Description

This diesel generator sets are brand-new, containerised power units engineered for reliable continuous or standby applications. Each set is housed in a sound-attenuated container, offering protection, mobility, and ease of installation. With zero operating hours, these generator sets provide high performance, fuel efficiency, and long service life, making them well-suited for utility, industrial, and backup power requirements.

KEY FEATURES:

- Electrical output: 2.4 MW
- Containerised with sound-attenuated housing
- Brand-new condition with zero operating hours
- High voltage synchronous generator

ADVANTAGES :

- Containerised design for easy transport, installation, and weather protection
- Low operating costs through efficient fuel consumption and long service intervals
- Flexible application for prime, continuous, or standby power use

Manufacturer	Caterpillar
Model	C175-16
Year	2020
Condition	New
Location	Asia
Qty Available	2 Units
Category	Diesel Generators
Subcategory	1 – 9 MW
Stock Number	USP010441
Wattage	2.4 MW
Hours	Zero
Frequency	50 Hz
Fuel Type	Diesel
Voltage	400 Volts
Balance of Plant Available? (BOP)	-
